The mat man brings me every day, a lot o' circulars that say, there's millions laid away for me, an' I will buy some stock, bigge. One letter says th' Skinning mine, is down suet and lookin' fine, th' diggers thinks that any day, they'll strike th' lead and make it pay. Another from th' Jawharack gold, promises a mine o' wealth untold, two cents a share will let me in, one somethin' where I'm bound to win. Th' Hood an' Silver shaft is down, about 'stren feel into th' ground, there's silver are enough in sight, to keep 'em running day and night. Thus come the letters by th' dele, a-horn me to make some kin, a ground-floor tip is what they say, but I was not born yesterday, I've heard o' folks who lost their tin, on schemes just guaranteed to win, to these bold speculations rank, I much prefer th' savin' bank. I know just where mu' keeps hid, when I am sick and out o' work, and I can draw when I've no pen, 'twas eighty in th' sun today.

Mussolini And Pope To Meet On Lateran Treaties

Expect Differences Of Opinion Relating To Education To Be Settled Soon

PREMIER TO VISIT VATICAN TOMORROW

(International News Service) ROME, June 6.—Despite the rift between Pope Pius XI and Premier Mussolini over the interpretation of portions of the Lateran treaties, notably the clauses relating to the education of youth, optimistic belief prevailed today that the differences will be composed in future diplomatic conversations.

The divergence of views was emphasized by the Pope's letter to the Secretary of State Cardinal Gasparri asking Premier Mussolini to task for speeches he made in the Senate and Chamber of Deputies while the treaties were under debate.

The strong tone employed by the Pontiff in criticizing what he termed the "heretical expressions" of the Italian Premier has tempered the jubilation which followed the settlement of the 59 year old conflict between the Catholic church and the State.

The Pontiff claims for the church and the family the inalienable right to direct the education of the young. Preparations for the exchange of the ratifications of the Lateran treaties continue.

Late in the afternoon it was said to be practically certain that the exchange of ratifications would actually take place in Cardinal Gasparri's apartment.

Vatican attaches were busy throughout the afternoon preparing the hall of congregations—the largest public room in the Vatican—for Premier Mussolini's visit tomorrow morning at 11 o'clock.

The Pope and Mussolini are agreed upon the general terms of the Lateran treaties, as specially defined in writing, but the difference in views arises from their application and certain interpretations. These documents, several in number, are considered inseparable.

Heath represented the Hoover food relief forces in Finland after the war, and was active during the last campaign in the Hoover organization.

Resignation of another assistant of the treasury is expected soon. H. H. Bond of Boston, having indicated a desire to retire.

Cat Padlocked Along With Lunchroom Is Given Its Freedom

(International News Service) KANSAS CITY, Mo., June 6.—Volstead, a prohibition cat, was at liberty today by the grace of the federal court after 12 days imprisonment without even bread and water.

When a downtown lunch room was padlocked May 23, for selling liquor, the cat was unintentionally left inside. It took vigil by the window pleading to passersby in a mournful feline voice to do something.

Friends of Harry Hirsch, city detective, pleaded with him to do something. Hirsch appeared in federal court and obtained permission to enter the place to rescue the starving cat. A large crowd was on hand to watch the cat's release.

Two Bandits In Robbery Of Bank Wounded-Caught

Three Thugs Make Getaway From Central City Near Somerset Today

ARMED POSSE IS PRESSING ROBBERS

Amount Of Loot Taken By Bandits In Daring Hold-up Is Not Known As Yet

(International News Service) SOMERSET, Pa., June 6.—Two bandits were wounded and captured and three others of a bandit gang of five who staged a daylight holdup of the Central City National bank today are believed surrounded in the sparsely settled countryside by a posse of farmers and citizens near here this afternoon.

The capture of the members of the gang still at liberty was believed to be but a matter of an hour or two, according to members of the posse who, armed with rifles, shotguns and nondescript weapons, tracked the bandits from the bank at Central City to this place.

Phone calls for aid in capturing the men, described as swarthy, were rushed to the sheriff's office at Somerset.

Loot Is Unknown Amount of the loot obtained by the men from the bank was not ascertained.

The five men were reported to have secreted themselves in the bank building, over night and lay in wait for the bank's employees to open the doors this morning.

When bank workers entered the building shortly after 9 o'clock this morning, they were confronted by five masked men who ordered the doors to the bank vault thrown open. The men then backed the employees against the wall, scooped up all available cash and made their getaway in a chevrolet car which they had left parked outside the bank.

Orde from the bank's employees brought citizens rushing to the street armed with firearms and before the robbers' car could get fairly started on its dash to liberty, two of the men had been wounded and captured.

Motorists Are Being Brought In

Motorists who have broken traffic regulations of the city and after having been notified by letter and by tag, have failed to appear, are now being served with warrants by the police department at the rate of six a day.

When brought in this way they find that in addition to the regular charge for violation of some traffic regulation they are compelled to pay costs, which mean that the violation is several times as expensive as if they had answered the first call.

BRITISH EMBASSY WILL NOT IMPORT ANY MORE LIQUOR

(Continued From Page One)

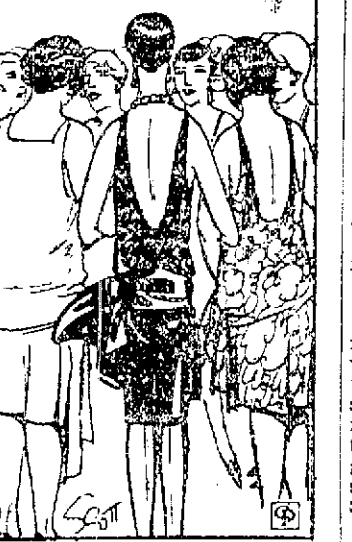

Members of the British embassy staff declined to discuss the matter today on the ground that it is a "family affair."

London, June 6.—The reported decision of Sir Esme Howard, British ambassador to the United States, to make the British embassy in Washington "dry" is entirely a personal action and is not binding upon Sir Esme's successors. It was learned from an official source today.

According to Washington cablegrams, Sir Esme has notified members of his staff that he would refuse to sign requests for shipments of alcoholic liquors in the future.

Seligman Seeks Delay Of Trial

Wants More Time To Investigate Past Of "Kittens" Leightmer, In Suit.

(International News Service) NEW YORK, June 6.—The reasons why Vera "Kittens" Leightmer, of Ohio, Greenview Village and Paris, thinks she could collect \$100,000 for alleged breach of promise from Jefferson W. Seligman, international millionaire banker, may be unraveled for a time.

Attorneys for Seligman went into Supreme court today to ask for an adjournment of the trial, in order to further investigate the "background" of "Kittens."

Counsel for "Kittens" prepared to fight the adjournment motion and went on record for a speedy showdown.

T. John McKee, counsel for the plaintiff, today revealed that he had been served with a notice to appear in court next Tuesday to hear another motion that a commission be appointed to go to Paris to take testimony of a witness. This witness has already made an affidavit alleging that "Kittens" was interested in flirtations aside from her acquaintance with Seligman, the latter's counsel said.

Purported letters from "Kittens" (who is now Mrs. Iles Brody) to a lawyer written in Paris were made public by the banker's lawyers, they contain, among other things, much gossip comment on society personages in Paris.

HOOVER TO GET NEW FARM BILL BY WEDNESDAY

(Continued From Page One)

bill is sent to the White House and second, the administration wants its relief machinery in action to handle the huge wheat crop which has just started toward market but which will grow in volume through the early days of July.

Prices Are Steadier Farm produce prices meanwhile steadied on the Chicago board of trade. With wheat closing yesterday at \$1.08 1/2 for July delivery and \$1.17 for December delivery, administration leaders were hopeful that the final approval of the bill would have even more wholesome effect on wheat prices. With wheat stabilized, they likewise felt. The whole grain market will be benefited.

The farm bill presented by one of two problems facing solution before the summer recess, which is scheduled to start next Tuesday or Wednesday. The other will be to secure an agreement in the senate fixing a date for voting on the tariff and limiting debate afterwards on the conference report. This agreement will not be asked, however, until the farm bill is out of the way.

Tariff hearings meanwhile will start before the senate finance committee next Wednesday, when witnesses will be heard on valuations. On June 15, the committee will divide into four sub-committees which will hold hearings simultaneously on rates. Hearings will be concluded by July 10 at the latest.

HOUSE LEADERS SEEK HARMONY

(Continued From Page One)

final consideration of the reapportionment-census bill.

Fear was expressed by friends of the measure that it would be defeated, and their efforts to force Congress to abide by the constitution and direct a reapportionment of the House membership on the 1930 census would be lost.

Rep. Tilson (R) of Connecticut, majority leader, declared that no rule would be proposed for elimination of the Tinkham amendment aimed at southern states and the Hoch amendment to exclude 6,000,000 aliens from the population count in dividing congressmen among the states. This suggestion was rejected by the House Steering committee.

There remained the hope that the riotous mood which forced adjournment of the House on Tuesday has passed and that both the amendments may be voted down.

TO ALL HOME OWNERS

In order to complete the beauty of your home, the surroundings must be equal to the dwelling in attractiveness. The lawn must be like a beautiful green carpet—smooth, velvety, even in color and free from weeds; the shrubbery and trees heavily foliaged and the flowers colorful. The secret of this beauty lies in the proper feeding of the soil. VIGORO, which contains all the 14 elements needed for healthy growth, is the right food.

VIGORO is a Swift & Company product—the result of years of experimental work. Clean, odorless and pleasant to handle, VIGORO can be sown by hand like grass seed. It fosters early growth and produces better root systems. It not only makes plants more resistant to disease but it also helps eliminate weeds.

"THE GARDENING HANDBOOK" written by Dr. G. J. Raleigh, Plant Physiologist, is free for the asking. It is an interesting 36-page book on plant feeding and gives valuable gardening suggestions. You will be interested—ask for a copy.

STAR LORE

VEGA OF THE LYRE

By Arthur DeV. Carpenter.

Just west of Cygnus in the Milky Way is the beautiful summer star Vega. It is brighter than the first magnitude star Altair; its temperature is 11,200 degrees C., as compared with the sun, 6,000 degrees. Vega's diameter is 2.4 times that of the sun, radiates 51 times as much light, its color is white and its distance is 26 light years. The constellation Lyra (Harp) to which Vega belongs, is in the form of a small parallelogram. In mythology Lyra was the harp of Orpheus, who at his death was said to have been changed to a swan, Cygnus, and placed in the heavens just below the Lyre.

MISS SARA FRIZZEL WEDS J. F. CAMPBELL

A pretty wedding was solemnized today at noon at the parsonage of the First Presbyterian church when Miss Sara Jane Frizzel, daughter of Mr. and Mrs. John Frizzel of Oaklands avenue, became the bride of John Franklin Campbell, son of Mr. and Mrs. John Campbell, Garfield avenue. Rev. W. E. McClure officiated with the ring ceremony.

The bride was attractive in a gown of white georgette with picture hat and carried a bridal shower of white roses and lilies of the valley.

She was attended by her sister, Miss Margaret Verna Frizzel, who was gowned in peach georgette and carried sweetheart roses. James McLaren of this city served as best man.

Profusions of roses and peonies in tones of pink and white decorated the bride's home where a wedding dinner was served for 16 guests supplementing the ceremony. A beautifully decorated cake centered the bride's table, where covers were laid for four.

Later in the day Mr. and Mrs. Campbell left for a lake trip and upon their return will reside at 714 West Washington street. For traveling the bride wore an ensemble of poudre blue.

Mr. Campbell is employed with the Shenango Tin Mill.

LICHTENSTINE-MASON WEDDING SOLEMNIZED

Mr. and Mrs. M. D. Lichtenstine, Raymond street, announce the marriage of their daughter Mary Eva, to Richard Mason, son of Mr. and Mrs. James Mason of West Pittsburg.

The ceremony took place in the bride's home, Wednesday afternoon at 4 o'clock, before an empanchement of palms and ferns in the living room. Rev. George M. Landis, pastor of the First Baptist church officiated with the double ring ceremony.

They were unattended, and the bride wore a gown of pale blue georgette, and carried a shower of Ophelia roses and lilies of the valley. A wedding dinner to 25 relatives and friends was served later. Pink and white roses were used effectively in decoration.

Out of town guests were Mrs. G. P. Balch of Bellevue, Mrs. Edna Snyder of Youngstown, O., and Mrs. H. Perree of Ellwood City.

Mr. and Mrs. Mason left for an extended eastern trip and while away will visit Rev. C. J. Mason of New York, brother of the groom.

Mr. Mason is employed with the B. and O. Railroad company.

WIMODAUS PICNIC - WEDNESDAY, JUNE 12

The annual picnic for Wimodaus members and their children will take place at Cascade Park, Wednesday, June 12, at 12 o'clock, when a basket picnic dinner will be served.

Arrangements are in charge of the following committee: Mrs. Fred Sonnum, chairman; Mrs. Earl Thompson, Mrs. James Elmore, Mrs. Lyle Gaston, Mrs. H. D. Harlan, Mrs. Ed. Alexander, Mrs. J. C. Jenkins, Mrs. W. D. Jones, Mrs. Stanley Treser, Mrs. Walter Gilmore, Mrs. H. E. Zerner, Mrs. James Morgan, Mrs. Thomas Perrott and Mrs. Elsie Nettle.

TEACHERS PICNIC AT LINCOLN SCHOOL

This afternoon in the auditorium of the Lincoln and Garfield school the faculty members of the Lincoln and Garfield school and that of Pollock school held a joint picnic honoring the faculty members of the Thaddeus Stevens school.

About 60 teachers were present for the dinner. Miss Esther Wagner, bride-elect, received a beautiful gift from the Lincoln school faculty. Miss Wagner was the recipient of a gift from the Pollock faculty also.

After the dinner chat and music formed the pastimes of the afternoon.

Gramoda Kensington
A luncheon was enjoyed by members of the Gramoda Kensington when they were guests in the home of Mrs. C. C. Fulkerson, Delaware avenue, Wednesday at 1 o'clock. Lovely garden flowers were used as a centerpiece, and covers were laid for 13.

The hostess was assisted in serving by her daughter Martha.

Special guests were Mrs. Robert Simpson of Aliquippa and Miss Martha Fulkerson.

After luncheon hours were spent socially, with knitting and chat.

Plans were made to motor to Aliquippa in two weeks to the home of Mrs. Robert Simpson.

Dollar Day Luncheon
The Woman's Missionary Society of the First Christian church will have their annual Dollar Day Luncheon on Friday, June 7, at one o'clock in the church. This is a thirteen luncheon.

Mrs. Flanagan will have charge of the program. There will be a roll call and each member will give a statement of her account. As June completes the missionary year it is hoped that all dues will be paid.

N. C. Hospital Club
Five tables of 500 were in play, when Mrs. Noah W. Elliott, Lincoln avenue, was a pleasing hostess to the members of the New Castle Hospital Club, in her home, Wednesday evening.

Later tempting refreshments were served by the hostess, assisted by her daughter Anna, and Mrs. Reuben Elliott.

In two weeks the members will meet with Mrs. Charles McKeever, North Mercer street.

Juanita Club
Juanita Club associates were guests of Mrs. Roy Beals, in her home on Wilmington avenue, Wednesday evening. The hours were spent socially with music and 500, and prizes were won by Mrs. Francis Shofar, Mrs. John Gaston, and Mrs. G. W. Black.

Fly in the Ointment.
New Independence Day.
Another Canal.
Dance, Says the Bishop.

By ARTHUR G. BRISBANE
(Copyright, 1929, King Features
Syn., Inc.)

Baldwin is out, Ramsay MacDonald is in. The King, from his sick bed, asks him to form a government.

President Hoover will hear from MacDonald, head of Britain's Labor party, that he, MacDonald, on behalf of the British Empire, will do anything in reason about reducing armaments. That will please all that prefer economy to safety.

The only fly in the pacifist ointment is the fact that about the time the United States and Ramsay MacDonald get ready to act, MacDonald, perhaps, won't be prime minister any more. Somebody will take his place and say, "Britain must rule the sea and the air. All that disarmament talk is OUT." America and Great Britain should be well armed and force peace on the world.

Tuesday, June 4, was another Independence Day. It marked the tenth anniversary of the adoption by Congress of the woman suffrage amendment.

Women, until 10 years ago, were classed officially with idiots and Indians. "Not voting."

The abolition of bodily slavery was important. This day marks the abolition of mental slavery among women. A slavery worse than physical slavery.

Important and gratifying is the news from Washington that President Hoover will appoint a consulting board of Army and civilian engineers to consider the construction of a canal through Nicaragua.

That will be another link between the Atlantic and the Pacific, and PROPERTY OF THE UNITED STATES, LIKE THE PANAMA LINK. Let us hope it will be well fortified, especially from the air. On the side of the air no fortifications are of importance. Who would have believed it? would ever be possible when Gibraltar, Metz and the narrow strip of water at Constantinople were so important to the world's peace?

The good and wise Bishop Acheson, of Connecticut, dignity of the Protestant Episcopal Church, was grieved when told that ladies of Christ's Church parish of Bethlehem, Conn., do not dance and object to others dancing.

The bishop said to them: "Using language less colorful. 'Go on dance your heads off.' It is the best way to get thin."

That recalls the advice of the good French Bishop Fenelon, of Cambrai. A young priest had told his parishioners to observe the Sabbath and not dance or drink or that day.

Bishop Fenelon wrote to him: "I want you to observe the Sabbath and set a good example, but let the poor peasants dance, drink and forget their misery."

Vesuvius continues pouring out lava, compelling inhabitants of the towns of Barra to leave their homes, creating panic in many towns. The lava stream is poured into the fearsome "Valley of Hell."

Buenos Aires sends news of great activity in the volcano of Nevado. Human beings may thank their stars that these and other volcanoes exist. They are to the earth what a safety valve is to a steam engine.

Those that deplore the tendencies of "modern youth," late hours, short dresses, wild dances, cocktails, and the rest, will be interested in an investigation and report by Chicago's Episcopal church.

Young people are wild, says the report, but the blame rests with the parents. Dr. Young, head of the Epworth school of Indiana, says he is more worried about the parents than about children.

It is a fact that bootleggers' customers are the parents. Children despise that law, and parents set them the example.

A gentleman double-locked his stable door after the horse was stolen. Wheat drops to 94 cents a bushel, the farmer is compelled to sell, and Congress will rush a \$500,000,000 fund for farm relief.

It isn't anybody's fault, just supply and demand, or something like that. But it always seems hard for the farmer to get a good price for his product and easy to get a good price when he has sold it and somebody else has it.

Everything cheerful in Wall Street Tuesday. You could borrow money on call at 7 per cent. Not exactly cheap, but by no means satisfactory to the well-organized army of usurers.

Uncle Sam increased his gold supply in the past five months by many millions.

We didn't need it, but for superstitious financial reasons it is a comfort to have it.

What went up five cents a bushel. Ask the sold-out farmers what they think of that.

Children, obey your parents. They know what they are talking about, even if they are not jazz experts.

Our suggestion in this column a few days ago almost demanding fewer and thinner clothes for men is bearing fruit. Many men have suggested a meeting to discuss the matter. As soon as the weather gets warm enough a meeting will be held in some secluded spot in the country where styles will be submitted.

So Wags the World
"When I was young they said there was no fool like a young fool."
"Well?"
"When I grew old they said there was no fool like an old fool."
"Yes?"

"And in between, whenever I made a success of anything, I was always a fool for lack."

As the chorus girls have it: To err is human; to err twice is divine.
That great frost of 1859, in June of that year, came mightily repeating itself around here during the past week. That frost has been the cause of much conversation and discussion ever since. It looks as if we will always have a great frost to discuss. We mean of course a frost in the morning and not the ordinary "frosts" we hear and see every day. You don't have to wait all night to see that kind.

Girls who used to make faces at boys now make faces for them.

Those political platforms may have some slippery c'm planks.
Several people have written to ask about a method of killing dandelions and other weed pests described in The News last week. The proper dose is immediate, commercial acid, but doubtless any other similar poison would do. You take an old ice pick, dip the point in the acid and puncture the main stem of the plant as far below the ground as you can. The thing dies and that is the end of it. The same scheme will rid local lawns of wild onions. It is a tedious process, perhaps but is final—and that is more than you can say for digging.

There is always something to take the joy out of a boy's life. In winter he has to wear shoes and in summer they make him wash his feet.

Some of the deadly weapons carried on their hips these days look like this.

A Chicago lady who was convicted to be hung for murder and who has been in jail for three years and then let go because some important witness had died and she could not have a new trial, has been arrested for killing a lady who was sweet on her hubby while she was in the housework. Being in jail while some other lady was sniping around a sweetie would be irritating, but one murder ought to be a lesson for anybody.

There, little luxury, don't you cry—you'll be a necessity by and by.

"I hear Harmony, the musician, was shot last night."

"What was the cause of the shooting?"

"Oh, he was playing in the wrong flat."

When any lady, young or old goes without stockings with tanned—er—legs—they are called "au naturel."

Most of the men say at least "au naturel" when they get the first look. Humans can get used to most anything after they see it a few times. A bright colored man's shirt even causes some to take a fit now and those same birds will be wearing them before the summer is over.

Some crooked politicians in Pittsburgh cannot be tried for their crimes now because the statute of limitations has expired—or something. Widespread Feeling Against Limiting Diplomatic Immunity

Attitude Of Sir Esme Howard Toward Embassy Liquor Problem Views As Informal Act Of Characteristic Courtesy

A very general feeling that foreign diplomats should be free from annoyance and criticism in the immunity of their Washington homes from do-mestically imposed laws, but the newspaper discussion of the embassy liquor problem. The informal suggestion of Sir Esme Howard that he would conform to any practice proposed by the American government is viewed by many observers as merely a fine piece of courtesy characteristic of the British Ambassador.

It is the business of foreign envoys, according to the WASHINGTON EVENING STAR, "to be obliging and courteous to the people and governments to which they are accredited. But corresponding obligations rest upon those peoples and governments. One of them, it seems to be felt in responsible Washington quarters, is to let the envoys be masters in their own houses, especially as regards habits, customs and privileges that are rooted in a century and more of international comity."

It is not the use, but the harmful abuse of this privilege which has on certain occasions given reasonable cause of complaint. "Unless an ambassador's residence is considered the territory of the country he represents," says the SPRINGFIELD, OHIO, SUN, "maintenance of diplomatic relations would be endangered. The immunity which diplomacy carries is not nearly so much of a courtesy to the stranger within a nation's gates as it is a necessity. For ages, the laws and customs of various countries have differed so widely that a diplomat was like to run afoul of some local law without the slightest intention of doing so. He did not enjoy immunity, he might be called upon to make sacrifice, change his habits, or adapt himself to such an extent to foreign customs as to make life intolerable in a foreign country."

In opposition to this point of view is the statement by the RALEIGH, N.C., OBSERVER. "The comity between nations should have caused the diplomats to accept the law when passed, but the fine spirit of Sir Esme Howard shows that there is willingness to live under the same regulations as govern Americans. The spectacle of trucks hauling liquor to embassies, when it is a crime to have it elsewhere, is one which cannot come to an end so soon."

The HAMILTON, ONTARIO, SPECTATOR, however, viewing the suggestion of Sir Esme Howard, as "of course, only a personal offer, in which the British government is not involved," declares that "the incident proves at least one thing—the anxiety of the British Ambassador to conform in every particular with the desires of the United States authorities." The CHARTERED DAILY MAIL also points out that Sir Esme "can forego serving liquor if he chooses, but he cannot thereby change the right of the members of the British legation to serve liquor in the future, provided his successor chose to do it. He would simply be foregoing the exercise of an international right, not abrogating it."

There is a good example, as viewed by the SPOKANE SPOKESMAN-REVIEW, "to some Congressmen and legislators, to say nothing of social clubs and other groups inclined to honor the law more in the breach than in the observance."

"We feel sorry," remarks the BALTIMORE SUN, "for those envoys who will be torn between the necessities of serving guests to the land and its laws and of practicing an important principle of international significance. It is the highest of bad taste thus to put distinguished guests into a place where whatever they say or do will be open to somebody's criticism. Moreover, it has the feeling quite as decidedly uncomfortable as the guests'."

To attempt to make them conform to one way or another of things, in the judgment of the NEWARK EVENING NEWS, "is bad manners and destructive of the spirit of comity and hospitality upon which diplomatic representation rests."

President Hoover has called prohibition an experiment. To set up a practice that is experimental as a standard of social conduct to which sufficient guests of the country should conform is not only laughable, but also sets a precedent which might easily plague us." The ANN ARBOR DAILY NEWS voices the suggestion:

"If we Americans should let wet diplomats drink in moderation in return for the privilege under which temperate Europeans permit dry Americans to drink to excess while abroad," advises the CINCINNATI TIMES-STAR, while the HARTFORD TIMES, agreeing that "the decision whether or not to conform to those laws as a matter of expedient courtesy should rest with the ambassadors themselves," continues:

"What American opinion is regarding their decisions in such respect should not be spoken freely. It is reasonable to believe that these decisions would be guided largely by the visible conduct of other persons in Washington toward observance of the 18th Amendment and the Volstead law."

If we Americans propose to teach the nations to lose prohibition, we should do it by the persuasive example of the law upheld and obeyed by our own people, contends the ASHEVILLE TIMES, while the UTICA OBSERVER-DISPATCH argues: "The whole matter might be cured diplomatically if Americans themselves would cease patting the foreign diplomats upon the back, complimenting them upon their privileges and drinking their wines and cordials."

The MANCHESTER LEADER concludes: "According to veracious reports, all the grief over the passing of another old and hallowed custom would not be confined to the foreign diplomats and their attaches. It might be hard on some of the embassies' staffs, but it would be no less retributive justice for some of their American guests."

Even the greatest men can misunderstand each other and act very childish about it. It is said that Thomas Carlyle once avoided the great scientist, Huxley, because he thought Huxley believed men were descended from monkeys. Huxley agreed with Darwin about the evolution of life, but neither Huxley nor Darwin thought men were descended from monkeys. To believe that man can trace his descent through millions of years to a being that was less than man does not mean to believe that the man is a descendant of monkeys as we know monkeys.

What is your reaction going to be? Dodsworth is a fair picture of life.

FEELING TRAGIC
Take away from some folks their sense of martyrdom and they would be very unhappy. Most of us like to feel tragic and abused. It satisfies something in us. No matter how fortunate we have been, we really love the role of fancied grief. Says William Lyon Phelps, Yale professor of English: "Many people dramatize themselves. They love to imagine that their life is a tragedy, with themselves as the suffering heroes. Many people are tainted with the insidious voice of self-pity. They look in the mirror and say, 'Poor fellow, you never had any luck.' "There is certainly enough sorrow in the world, but I sometimes think we would enjoy life more if we had more of the divine gift of appreciation, if we were not so damnably unappreciative and ungrateful."

American Owned Former Derby Winner Captures Coronation Cup Race Today

PREVIOUS STARTS WERE VERY DISMAL

(International News Service) EPSOM, Eng., June 6.—The American-bred, Reigh Count, owned by Mrs. John D. Hertz of Chicago, today redeemed his three previous defeats by winning the coronation cup on Epsom Downs. It was the first race Reigh Count has won upon the English turf.

Ashford finished second and Plantago third in the three previous races. The betting odds were 10 to 1 on Reigh Count, nine to four on Ashford and five to one on Plantago.

The American-bred horse won by a short head.

Great things were expected of the American horse when he was brought to England from the United States last spring, but the "invasion" proved unsuccessful until today. Reigh Count, failed to show winning form in either of the three previous races. However, Mrs. Hertz was not discouraged and confidently predicted that he would capture the coronation cup.

Local District Of American Legion Is Seventh In State

Membership To Date Is 718 In Excess Of 1928 Figures, Records Show

District 26 of the American Legion, comprising Beaver, Butler and Lawrence counties, stands seventh in point of membership, according to the most recent figures issued by the state department.

Only four posts in the entire district are below their 1928 figure and an effort is being made to put them over the top, so that the district will be 100 per cent in membership standing. Only 27 members are needed by these four posts, and it is expected to have the needed members rounded up soon.

The total membership of the American Legion in the state now stands at 59,059 members, an increase of 5,619 members over the 1928 figures at this time, and only 877 under the high water mark for the year.

Post No. 528 of New Castle needs one member to bring it up to the 1928 mark, this being the only post in Lawrence county now in arrears. Zeilenpoth, Chilora and Evans City are the other posts who are below last year's figure in membership.

Little change has been found in the standing of the posts since May 1, although Beaver Falls is now but four members behind New Castle. New Castle has 380 members and Beaver Falls 376.

Republican Man Is Believed Winner In Congressional Vote

Believe Dr. Murray Turpin, Winner Over Mrs. John J. Casey For Seat In House

(International News Service) WILKES-BARRE, June 6.—Republican leaders were set today that the lead of Dr. Murray Turpin of Kingston over Mrs. John J. Casey to succeed her husband in congress would not be changed materially by the official count which is under way before the judges here.

Democratic headquarters, however, refused to concede the election despite the slightly more than a thousand majority that the Republican nominees rolled up, indicating that they are pinning their hopes on the scattered labor vote that may not have been included fully in the unofficial returns.

Five ballot boxes have been impounded, but it was believed in court-house circles that a recheck of these would not affect the result.

Schools Will Get Over 1,000 Gallons Of Paint

More than 1,000 gallons of paint will be applied to the various buildings and properties of the New Castle school system during the coming summer months, according to S. G. Ligo, superintendent of buildings and grounds. Some of the work, states Mr. Ligo, will be done by the system's regular staff of workmen while other jobs will be open for contract to local painting firms.

The painting is a very small part of the reconditioning work which will be done throughout the school holdings this vacation period. Plans are underway for the re-painting of buildings, including the notable buildings, reconditioning of the escapes, some new boilers will be installed, and general re-painting and reconditioning prior to the coming school term will take place.

Listed among the improvements and repairs is a new heating plant for the North street school building. This will include the installation of two new boilers and necessary accessories. A contract will be let for this work.

At Croton the wood and iron work will be painted and also at the Terrace avenue school.

At senior high there will be much paint and varnish applied to the interior. There will also be extensive painting done at the Benjamin Franklin Junior high school.

At Lincoln and Garfield had the seventh ward buildings portable will be lined with cellophane. At Treadwell Stevens and Rose avenue the cement walks will be repaved.

Get New Escapes. Contracts are to be let for five escapes at the Lincoln and Garfield and Lawrence school buildings while changes will be made in the escapes at Croton and Terrace avenue.

These new escapes and changes in old escapes are necessary according to changes in the rulings of the Department of Labor and Industry.

These changes listed include but a small part of the actual work which will be done during the summer. The entire working staff of the school sys-

Many Periodicals At Local Library

The public library offers among its periodicals the Publishers Weekly, published in New York every Saturday and reaching the library Saturday. It is the journal of the American book trade and is edited by R. R. Bowker and Frederic G. Melcher. Among its features is a weekly book exchange in which book shops list their needs in the way of out-of-print books.

Sometimes one can spare for a consideration a book which he no longer needs, and therefore any person wishing to use these columns with view to supplying some of these needs will be welcome to do so at the library.

There is only one of a large number of periodical to which the library subscribes and which are to be found in the reading room.

AS WHITE AS SNOW

Gander looked suddenly and it sounded as if he thought something was very funny.

"Tommy, my son, I believe that is your great round soft white object coming toward us now," said he.

Tommy Gosling jumped and squealed in fright.

"Where?" cried he, and he and Mother Wild Goose and the boy looked in the direction Gander was pointing.

Sure enough, wading toward them down the placid stream was something as white as snow. At first it looked like a solid lump, but as the boy watched the thing moved stretched out two wings and raised a long-billed beak. Then the boy saw that it was a bird.

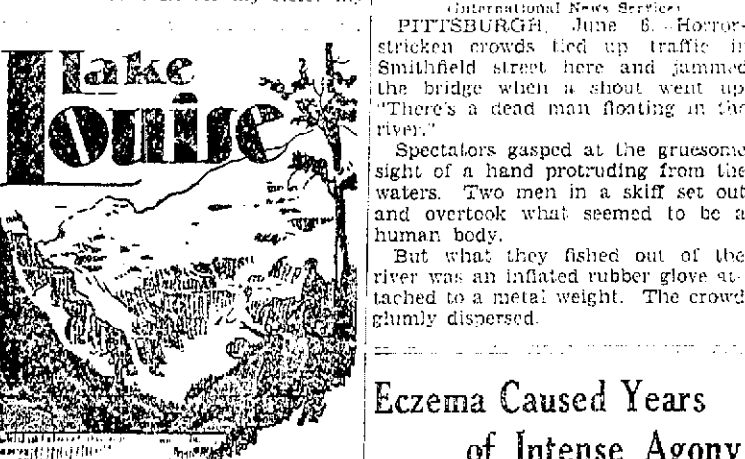

At the same instant Gander saw who it was and waddled toward the white bird just as fast as he could make his webbed feet carry him.

"Hello, Heron!" cried he. "How are you, you dear old thing? Have you summered well? How are all the family?"

White Heron said never a word at first, but continued to wade down the stream, and when he had come to where Wild Gander waited, he clambered up the bank and solemnly held out one slim leg in greeting.

"Glad to see you, Gander, glad to see you!" exclaimed the white bird called Heron. "Then he dropped his head and gazed sadly down at the ground while he answered Gander's question.

"My family are very well, indeed—that is, all there are left of them. I don't know whether you have heard it or not, but the Bonkeres were attacked again last nesting season, my wife was dragged from our nest and carried off by some cruel hunters, and if it had not been for my sister, my

Now more than a MILLION FRIGIDAIREs have been built

With every department of the Frigidaire factories running at maximum capacity, with orders greater than at any time in the history of the business, on Thursday, May 16th, the Millionth Frigidaire was built

In both the Household and Commercial fields Frigidaire leads in sales to customers

THERE are definite reasons why more Frigidaires are in use than all other makes of electric refrigerators combined; why it is the choice of home owners, of builders, of apartment owners, of commercial refrigeration users throughout the world.

Beauty, power and convenience

Frigidaire has surplus power that meets every emergency in the hottest weather, and yet operates economically always.

Frigidaire cabinets are beautiful—they are finished in gleaming porcelain enamel, or white Duco—clean and easy to keep clean. The mechanical part is completely enclosed and so quiet that you don't hear it start, stop, or run. Food shelves are elevated so that stooping is unnecessary.

The famous "Cold Control"

And in addition to the standard temperature regulator which automatically maintains an ideal temperature in the food compartment, Frigidaire is equipped with the famous "Cold Control" that speeds the freezing of

ice cubes and makes possible dozens of new and delicious desserts and salads.

Low Prices

Because Frigidaire has achieved the million mark—because it is the overwhelming choice of the majority—the economies of quantity production have made prices so low that every model represents a tremendous saving to the buyer.

ATTEMPT TO TRACE GUN USED IN TRAGEDY

International News Service
MORRISTOWN, N. J., June 6.—
With certain elements in the deaths
of Ruth Mowday Wilson and Horace
Roberts Jr., suggestive of the fam-
ous Halls-Mills case, Chief County
Detective Ellis Parker today kept
plugging along on his investigation
despite the official stamp of murder
and suicide placed by authorities upon
the episode.

Preston Roberts, half-brother of
the dead youth, openly declared that
he was unsatisfied with the murder-
suicide theory.

"I never knew my brother to carry
a revolver and neither did my father,"
he said, "while my brother believed
the version given by the police to be
true, I do not believe Horace could
have done anything of the kind. He
was of a kindly disposition and I can-
not believe he could kill anyone."

Miss Wilson and Young Roberts
were both members of wealthy fam-
ilies. Their bodies were found in her
bedroom. Two bullets were fired into
Miss Wilson's temple and three into
Roberts' head.

The revolver apparently holds the
most hope for further light on the
mystery. Parker said that he was

High School Girls Struck By Auto

Miss Lucille Turk Is Seriously
Injured In Accident On
Court Street

Two high school girls enroute home
this morning after the close of school
for this year, while crossing Court
street, walked in front of the machine
of Thomas McCullough, county com-
missioner, and were knocked to the
street, one sustaining serious injuries.
Mr. McCullough was enroute on
East Washington street and was
turning onto Court street as the ac-
cident occurred. There was a car com-
ing down Court street hill at the
point of intersection with East Wash-
ington street, and the girls, Lucille
Turk, aged 15, of 1009 Maryland av-
enue, and Edith Chaffee, aged 16, of
1015 Maryland avenue, went behind
this car, in crossing Court street,
stepping out in front of Mr. McCul-
lough's car as he turned to go up
Court street.

They were struck by the machine
and knocked to the street. John Crowl,
picked up the girls and rushed them
to the New Castle Hospital, where
it was found that Miss Turk was se-
riously injured, having suffered a
fractured pelvis. Miss Chaffee was not
seriously injured.

Towns Are Threatened As Vesuvius Cracks Cone

Villagers in the hamlets at the base of Vesuvius have been evacuating their homes with the cracking of the southeastern cone under the force of the unusually strong spring eruption. Lava streams pouring down the mountainside have destroyed vineyards and have been nearing the villages. Above top, Vesuvius in action; below, left, one of the cones, and right, a stream of lava.

POMONA INVITES
CHIEF TO VISIT

Pomona Session Is Held On
Wednesday At Wil-

Lawrence County Pomona grange at
its meeting Wednesday in Willard
grange hall, extended an invitation to
E. B. Dorsett of Tioga county, state
grange master, and the members of
the executive committee of the state
grange to visit this city for the pur-
pose of determining the facilities of
the city in the matter of entertaining
the state grange conference in De-
cember. While the state grange has
several invitations to hold the next
state meeting in various sections, it
is anticipated that New Castle will
have some chance of winning the
convention for this city.

Sessions of the Pomona grange were
held during the morning, afternoon
and evening. David S. Kyle, master
of the Pomona grange, presided at all
its sessions.

The morning session consisted of
the transaction of routine business and
calling of the roll, to which the offi-
cers responded with quotations from
the ritual of the order.

At the afternoon sessions the meet-
ing was opened with the annual mem-
orial to deceased members of the

In this proverb, even the pagan recognizes in the mother,

Our own city knows no greater need than just
such guardianship or mothering—for our homes,
for our schools, for our recreations and for
our public housekeeping. To aid such work is
the aim of this column.

Explanation Authorized by Dr. Green
In reporting that the Rose Avenue
school had received the certificate of
the Woman's Club for excellence in
spelling and arithmetic, it should have
been stated that the award was made
on the basis of two standardized tests
given to the 6A pupils in English and
Arithmetic by the Measurement De-
partment of the Slippery Rock State

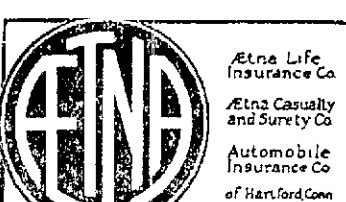

Teachers College. These tests were
given in January and May.
The basis for determining the re-
sults was different from previous
years and it is more accurate to state
that the Rose Avenue building led the

the standardized tests in those sub-
jects administered this year.

Seven Year Old Boy Is Injured

Herbert Harding Is Struck By
Truck At Water Street
And Apple Way

Herbert Harding, aged 7, of 14½
South Apple Way, enroute home from
school, was struck by the truck of
Robert A. Mitchell, 410 Fern street,
at Water street and Apple Way and
severely injured, this morning.

According to the report made to
the police, Mr. Mitchell was driving
east on Water street at Apple Way,
when this boy ran across Water street
and into his truck. He was knocked
to the ground.

The boy was hurried to the New
Castle Hospital and it was found that
he had sustained a bump on the head
in which there was considerable
blood.

An X-Ray picture of the injury is
to be taken, after which an operation
will be performed to relieve the con-
dition.

“My! you look lovely to-night”

SHE knew the compliment to be true—for the last pimple had vanished.

If you are one of the embarrassed—and men are not exceptions—with skin blemishes that linger, and sometimes leave scars, you must realize that the logical cause may come from the blood.

A clear, smooth, velvety skin bespeaks loveliness. Men admire it. Women praise and secretly envy. Hope, joy, happiness, and even love, may depend on the possession of a clear, unblemished skin.

On the other hand—skin eruptions are outward evidences of the condition within. Authorities

state it is an indication that the body's power of resistance to disease and infection is low. Meaning, that there is a deficiency of red-blood-cells.

Without plenty of rich, red blood, there could be no strong, sturdy, powerful men, or beautiful, healthy women.

When you get your red-blood-cells back to normal, that sluggish let-down feeling, loss of appetite, boils, pimples, and skin troubles disappear. You get hungry again and you sleep soundly; firm flesh takes the place of that which was once flabby. You feel strong. Your nerves become steady. You are resistant to diseases.

Getting A Degree Is Rabbi's Theme

Subject To Be Discussed At Temple Israel On Friday Evening

Many of our young men and women are graduating and obtaining degrees from schools and colleges. Are you getting yours? What is the most precious of all degrees? What school is it obtained from? What are some of the arts required?

These questions will be discussed by Rabbi Menkes at the regular Friday evening services at Temple Israel tomorrow night at 8:00 p. m. The pulpit flowers will be furnished by Mrs. Louis Kohn in loving memory of her father Mr. S. Frank.

After the services there will be a social hour with Mr. M. Fischer acting as host.

To Investigate Mail To Volant

Postoffice Department To Look Into Plan Of Carrying Mail On Bus

BELIEVE LINE WILL BE PROVIDED SOON

Following the request made by Congressman J. Howard Swift that bus mail service be established between New Castle and Volant the United States postoffice department has ordered an investigation with a view to extending Star Mail Route 10233 to Volant if it is learned from Washington.

Route No. 10233 is the twice daily bus service now in operation between New Castle and New Wilmington and Congressman Swift some days ago requested the postoffice department to extend this service until it embraces Volant.

The postoffice department will have an inspector make an investigation, collecting information and data from the postmasters of New Castle and New Wilmington and the results of this investigation will depend largely upon the reports made to the inspector by the New Castle and New Wilmington postmasters.

Congressman Swift is sure the investigation will reveal that the volume of mail between New Castle, New Wilmington and Volant merits the establishment of the bus service requested and is reasonably confident twice a day mail service by bus between New Castle and Volant will follow.

Piles Disappear

No Cutting or Salves Needed

External treatments seldom banish Piles. Nor does cutting remove the cause. The cause is inside—bad circulation. The blood is stagnant, the veins flabby.

The bowel walls are weak, the parts almost dead.

To quickly and safely rid yourself of piles you must first get the circulation—send a fresh current through stagnant pools. Internal treatment is the one safe method. Ointments and cutting won't do it.

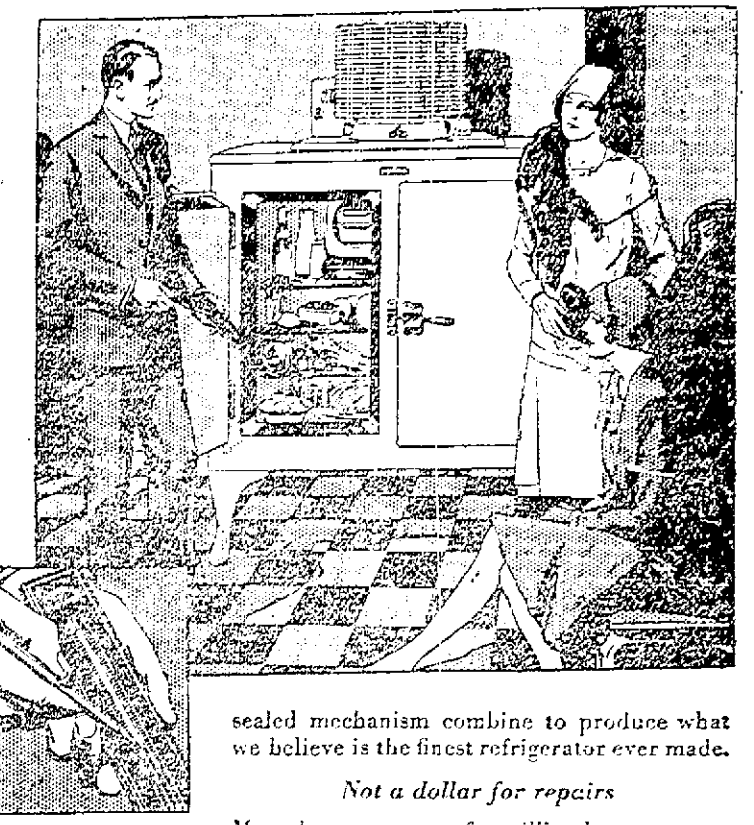

J. S. Leonhardt, M. D., a specialist, set at work some years ago to find a real internal remedy for piles. He succeeded. He named his prescription “PILS” (PILS), and tried it in 1905 cases before he was satisfied. Now PILS is sold by druggists everywhere under guarantee. It is a harmless tablet, easy to take, and can always be found at McKee's Kilt Store, 1000 E. 10th St., New Castle, Pa., who will gladly refund the purchase price to any dissatisfied customer.

It keeps your food safe —the temperature is well below 50...always!

For family health ... for appealing menus ... this is vital

In the General Electric Refrigerator the temperature is kept several degrees below fifty... always! Fifty degrees is accepted by scientists as the “danger point” in the preservation of food. When the temperature rises even a degree or two above that, bacteria multiply, foods become unsafe to eat.

Perhaps you think your own refrigerator is always “cold enough.” You cannot be sure unless you actually take your refrigerator's temperature. It is constant cold which is needed.

Note these vital points of superiority

Countless superiorities give the General Electric Refrigerator its outstanding position... an hermetically sealed, dust-proof mechanism, mounted on top... an accessible temperature control... a new standard of quiet operation... no oiling... no troublesome machinery... simplified installation... no radio interference... an unqualified two-year service guarantee.

The new all-steel cabinets and the hermetically

sealed mechanism combine to produce what we believe is the finest refrigerator ever made.

Not a dollar for repairs

More than a quarter of a million homes are enjoying the convenience, economy and health-guarding services of the General Electric Refrigerator. And not one of these owners has ever paid a dollar for repairs or service! This is a record in the industry.

The new all-steel General Electric Refrigerators are priced as low as \$215 at the factory. A small payment down places one in your home. Visit our display rooms—see the new models—you'll agree that they offer the greatest values.

FATHER OF EIGHT GIVEN SENTENCE

WILLIAMSPORT, Pa., June 6.—Joseph Rovito, of Shamokin, father of eight children, was sentenced by Federal Judge Albert W. Johnson Wednesday to serve 18 months sentence in Atlanta penitentiary for violation of the prohibition laws. He pleaded guilty to charges of sale and possession of liquor.

The court also ordered that Rovito's bar be dismantled and his place padlocked for a year. A plea that his

invalid wife and his eight children were dependent upon him for support, failed to save him from the heavy sentence, passed under terms of the Jones law.

Part Of Municipal Golf Course To Be Opened In August

Work Of Seeding And Conditioning Greens And Fairways Going Forward

Present indications point to the opening of the new municipal golf course for the use of the public about August 1, W. J. Offutt, chairman of the recreational board, who is supervising the work, stated this morning. At this time it is expected to have 13 of the greens in shape for use throughout the remainder of the summer. By next spring the entire course will be in the best of condition and a fine 18-hole course will be available to the citizens of New Castle.

Had weather conditions this spring been favorable, it is probable that the entire course could have been completed and put in use this year, but the excessive wet weather retarded the work considerably. Good progress is now being made, however, and the work of seeding, grading and seeding the fairways and greens is going forward. The greens are being cut over other day, and with a moderate amount of rainfall this summer they will be in splendid shape when the opening day arrives.

New Trial Granted To Kenneth Houk

Verdict In Case Of Brindus Against Soos Stands Under Opinion Of Court

New trial was granted in the case of the commonwealth against Kenneth Houk in an opinion handed down by Judge Hildebrand this morning. Houk was convicted on charges made by Mildred McElwain, following her story of an automobile ride, during which the car was parked on the road below Slippery Rock church. Application for a new trial was based on remarks made by an attorney in arguing the case to the jury. It was claimed that the remarks were unwarranted and prejudicial to the defendant. In the case of Aron Brindus against Joseph Soos motion by the defendant for judgment notwithstanding the verdict was refused and judgment was directed to be entered on the verdict. The case was one in which plaintiff agreed to build a house for defendant for \$4,250. Defendant paid \$500 on the contract, and then failed to pay the remainder claiming defects in the house and changes. Suit was brought for \$3,750 and the jury brought in a verdict for \$3,267, which must now be paid.

Legion Not Selling Frames For Pictures

Officers of the Perry S. Gaston post, American Legion, stated this morning that they were not interested in "the sale of picture frames, which are being distributed locally by a salesman. It was brought to the attention of the officers of the post that the name of the Legion was being introduced by the salesman, inasmuch as the frames bore the American Legion emblem. The local post, however, is not interested in the matter whatever.

PERSONAL PROPERTY SEIZED BY SHERIFF
Sheriff H. M. Reynolds has seized the personal property of John Ciccone at Ellipton, consisting principally of household furniture. It will be sold on June 13. Ciccone was recently arrested on a charge of maintaining a bawdy house and was held for court.

Take Pepsin the New Way and Win Stomach Comfort

Delightful Elixir With Real Pepsin, Menthol and Other Supreme Good Stomach Aids.
If you have a weak, bad acting, rebellious stomach it won't take a couple of weeks to turn it into a strong, healthy one, capable of digesting the heartiest meal without after distress. Your stomach needs pepsin—needs it three times a day for about two weeks. The stomach remedy that you need is Dore's Mentha Pepsin. It will do you more good in two weeks than all the old time relievers will do in a lifetime.

That's just the reason that its sales in good drug stores all over America are enormous—that's why Eckerd's of New Castle, Inc., McKee's Kutz Rate Store, Love & Megown is selling dozens of bottles every week. Stop that acute indigestion in a few minutes with just one tablespoonful of this grand stomach regulator.

Take it regularly for two weeks and you'll learn the secret of how to eat, digest and keep a strong healthy stomach.

Don't risk a cent. Say to Eckerd's of New Castle, Inc., McKee's Kutz Rate Store, Love & Megown "I want a bottle of Dore's Mentha Pepsin, and if it doesn't do me a whole lot of good I want my money back."

It will be waiting for you. Knowing its great building power, every druggist guarantees this pleasant to take elixir.

Pennsy Traffic Is Halted By Wreck

Twenty Loaded Freight Cars Are Derailed Near Lewistown, Pa., Early Today

(International News Service)
LEWISTOWN, Pa., June 6.—The entire four track system of the main line of the Pennsylvania railroad was blocked early today when 20 loaded freight cars were wrecked at Longfellow near here.

Wrecking crews were rushed from Enola, Lewistown and Altoona, in an effort to restore traffic at the earliest possible moment. Railroad officials here reported that one track had been cleared at 8:30 o'clock and that the others would be cleared within a few hours.

None was reported injured in the wreck.

BURNING RUBBISH IS CAUSE OF ALARM
Members of the sixth ward department were called to Enna street, near Atlantic avenue, at 2:05 Thursday afternoon by an alarm from box 611. Arriving on the scene the firemen found grass and rubbish afire on a vacant lot. The blaze was quickly extinguished.

Tender, Aching, Swollen Feet

In Just Five Minutes These Sore, Tender, Aching Feet Get Amazing Relief. Moore's Emerald Oil Is Guaranteed.

You probably feel like a lot of other people that about all you can do is dust some powder in your shoes or give your feet a special foot bath and let it go at that, but don't be foolish. Make up your mind today that you are going to give your feet a real chance to get well. Go to McKee's Kutz Rate Store, Eckerd's of New Castle, Inc., New Castle Drug Co. or any other good druggist today and get an original bottle of Moore's Emerald Oil. The very first application will give you relief and a few short treatments will thoroughly convince you that by sticking faithfully to it for a short while your foot troubles will be a thing of the past. Don't expect a single bottle to do it all at once but one bottle will show you beyond all question that you have at last discovered the way to solid foot comfort. Remember that Moore's Emerald Oil is a clean, powerful, penetrating Anti-septic Oil that does not stain or leave a greasy residue and that it must give complete satisfaction or your money cheerfully refunded.

Name Patterson On College Board

New Castle Banker Is Honored
By Board Of
Trustees

Results of board of trustees and
athletic council elections at West-
minster college were made known yester-
day. These elections, which took
place last Saturday and Monday,
complete the boards for the coming year.

Rufus C. Patterson, president of the
National Bank of Lawrence county,
New Castle, was elected to the vacan-
cy in the four year tenure on the
board of trustees caused by the death
of Mr. Hugh Kennedy, Buffalo, N. Y.
J. S. Mack of McKeesport, was re-
elected to the board for a term of four
years.

Attorney Roy Neville, Sharon, was
re-elected president of the athletic
council for the coming year. Other
officers reelected were: W. E. McCarty,
vice-president; H. T. Getty, treasurer;
and A. A. McDonald, secretary. A.
A. McDonald was reelected graduate
manager for the coming year.

Father Kills Son, Mistaken For Burglar

CHARLESTON, W. Va., June 6.—
Believed to have been mistaken for
a burglar while walking in his sleep,
Estill Ramsey, 10, died in a hospital
here from a gunshot wound suffered
at the Ramsey home at Barlow
Station, on the Elk river. The boy's
father, Ed Ramsey, fired the fatal
shot after he failed to recognize his
son in the darkness, police were in-
formed. The father, awakened by
a noise, fired in the general direction
of it when he received no response to
a demand for the intruder to identify
himself. The youth was shot through
the head. The coroner later reported
the fatality was clearly an accident.

Sick Mother Tries To Save Daughter

JOHNSTOWN, Pa., June 6.—Her
dress igniting while making a fire in
the kitchen stove, Leora Baker, col-
ored, eight, daughter of Isaac Baker,
was severely burned here today. She
is in a critical condition at Memorial
hospital, suffering of burns over the
entire body. The victim's mother
was ill in bed, but ran to the child's
assistance upon hearing her screams.

PEPSIN WINS! BEST FOR INDIGESTION

Thousands With Poor,
Weak Stomachs Now
Taking It In New
Liquid Form.

PHARMACISTS PRAISE IT

Stops Acute Kind In Few Minutes
—Stomach Kind In 3 Weeks
—What A Blessing

Here's a delightful elixir with plenty
of real pepsin, some menthol and just
enough of several other stomach cor-
rectives to make it capable of putting
almost any weak, rundown, abused
stomach in first class shape in three
weeks—and it tastes like the most
palatable nectar.

The men who created this supreme-
ly good formula know their business
—they don't believe in nasty tasting
medicine and the people are with them
for Dore's Mentha Pepsin—that's the
name—is having such a tremendous
sale all over the country that many
druggists are astounded.

And the laboratory that turns out
this highly successful reliever of stom-
ach agony must be run by fair minded
men for they have passed along the
word to every druggist in the country
that if Dore's Mentha Pepsin doesn't
bring sore comfort to any worn out,
run down, sickly, gassy stomach that
the owner of that most important in-
ternal organ can have his or her money
back.

Stubborn indigestion of years stand-
ing is hard to get rid of, but Dore's
Mentha Pepsin is the discovery that
will do it: one enthusiastic druggist
asserts. You can get it at any real
drug store in America and thousands
are taking advantage of the generous
guarantee every day. Elected of New
Castle, Inc., McKee's Kut Rate Store,
Love & McGowan always has a big sup-
ply on hand.

You can eat anything you want any
time you want it when you have a bot-
tle of Dore's Mentha Pepsin handy—
it's real pepsin in liquid form—the
right way to take pepsin.

Cornerstone To Be Placed With Trowel Used By Washington

Hoover To Use Historic Tool On
New Commerce
Building

WASHINGTON, June 6.—Using the
same trowel used by George
Washington in laying the cornerstone
of the capitol building, President
Hoover will lay the cornerstone of the
new department of commerce building
here on June 10, it was announced
today.

Mr. Hoover's address, together with
complete ceremonies on the occasion,
will be broadcast over the combined
networks of the National Broadcas-
ting company between the hours of 5
and 6 p. m., E. D. T.
The new structure to house all bu-
reaux of the commerce department,
excepting the bureau of standards,
will cover three city blocks and will
cost approximately \$17,500,000.

Thieves Make Raid On Prize Chickens

BEAVER, Pa., June 6.—Thieves
stole 40 prize chickens valued at \$150
from the hen house of C. E. Reed,
Potter township. With a flashlight
Mrs. Reed prevented the thieves from
entering another house containing an
equal number of chickens, the thieves
becoming frightened at sight of the
light.
Potter township farmers are keep-
ing vigil with shotguns as the re-
sult of many recent raids on chicken
coops in the district.

New Faculty Appointments Announced At Westminster

President W. Charles Wallace of Westminster college announced yesterday a number of changes in the college faculty for the year beginning September 17.

Dean Charles Freeman head of the department of chemistry has been granted a leave of absence by the trustees, in assisting to relieve the executive office of some of the responsibilities incident to this leave. Dr. Freeman will be absent only until the Christmas holidays. Prof. George Lutz present assistant professor in the department of chemistry will be the acting head of the department during Dr. Freeman's absence. Prof. Lutz goes on leave of absence in January to complete his residence requirement for the Ph. D. degree at Columbia University.

During the absence of Dean Freeman, Dr. E. B. Russell, head of the department of history will be acting dean. Dr. Russell, a graduate of the University of Vermont, Columbia University as a graduate student of Harvard University and the University of Wisconsin has been head of the department of history at Westminster since 1922.

The assisting instructor in the department of chemistry for the year will be Marion S. Osgood a graduate of Westminster in the class of 1927. Mr. Osgood has completed his M. A. work and has fulfilled part of the requirements toward his doctorate. Mr. Osgood has been located at Texas during the last two years.

In place of Miss Ethel M. McKay resigned, Eldon C. Murray of New Philadelphia, O., has been appointed professor of violin, viola, theory, composition and orchestration in the conservatory. Mr. Murray is a graduate

Westminster Class Holds 25th Reunion

Members Of Class Of 1904 Of
School Gather In Home
Of Mercer Member

MERCER, Pa., June 6.—The twenty-fifth reunion of the class of 1904 of Westminster College was held at the home of Mrs. Harry Black, East Market street. Dinner was served and many of those present were house guests of Mrs. Black over the weekend. There were twenty present.

Decorations were cleverly carried out in the class colors, red and white. The evening was spent in reminiscing college days and inspecting the year book called "The Argo" that the class of 1904 published.

During the 25 years which have elapsed since their graduation from Westminster only four of the members of their class have been called by death.

Mrs. Black and her guests went to New Wilmington Sunday to remain for commencement exercises at their Alma Mater.

TO START WORK.

It is expected that Paul Thompson who has the contract for the construction for the storm sewer on South Erie street will start work on the ditch some time this week and start the paving of McKinley avenue some time the following week.

ADDRESS CLUB.

Rev. Leslie Mountford was in Oil City Tuesday where he spoke before the Rotary Club of that city on Vocational Service, which was the subject he spoke on before the recent regional conference held in Greensburg.

GET NEW MONEY.

The First National Bank has received from the United States Treasury, specimens of the new paper money which is to be placed in circulation displacing the familiar money now in use.

SOCIETY MEETS.

The Young Ladies Missionary Society of the First U. P. church held their regular monthly meeting Tuesday evening at 6 o'clock with a tureen dinner in the church.

The dinner committee was composed of Miss Henrietta Magoffin and Edna Patterson. Ruth Houston was in charge of the meeting.

CASE APPEALED.

The case of John Jerko, which has been appealed to the superior court will be heard October 7, when this body convenes for the fall session in Philadelphia.

GARDNER

ENTERTAIN AT HOME

The last Wednesday evening of May, Mr. and Mrs. Philip Moore of Gardner, entertained a group of friends, at a beautifully appointed shower, in honor of the latter's sister, Miss Agnes Zeigler, of the Butler road, a bride elect of June. The house and lawn were tastefully decorated with patriotic colors. There was an atmosphere of kindness and good will pervading everywhere, sparkling gaily manifesting in fun and laughter, was in the merry games which were played on the lawn. Later, Mrs. Moore, assisted by Mrs. Arthur Hubbert, served delicious refreshments. Covers were laid for 12. In the center of the table there was a wishing well, with a shower of lovely gifts concealed, with streamers running to the place of the honor guest. Those present were Mr. and Mrs. Ed Walls, Mr. and Mrs. Will Wilson, Mr. and Mrs. Arthur Hubbert, Miss Katie McGrath, Miss Agnes Zeigler, Mr. and Mrs. Philip Moore, Albert Bauman and Elmer Glass.

Can Your Wife Change a Tire?

by Bill Braatz

IN MOST FAMILIES NOW-DAYS, Mama drives the car. And it's a hard-hearted Papa who lets her start out without being dead certain that the tires are absolutely right.

IT'S SO EASY TO HAND OUT A line like this: "Darling, will you just stop off at Braatz Service for a minute this morning and have them check over our tires?"

YOU'LL BE SURPRISED HOW IT WORKS! Just try it.

PERSONAL TO LADIES—You haven't any idea how pleased the old man will be if you tell him you have made arrangements to have the tires gone over every week at Braatz Service. Tell him Braatz will take care of the greasing and oiling, too, and that you're going to help reduce expenses on the car.

AND WHEN YOU NEED A NEW TIRE you can send Mother or Daughter over here and be certain that she'll come home with a dollar's worth of miles for every 100 cents.

May We See You, or the Missus — or both of
you — this week?

Dwight Morrow To Return To Mexico

President Hoover Urges Early Return To Mexico For Ambassador Morrow

(International News Service) MEXICO CITY, June 6.—United States Ambassador Dwight W. Morrow's sudden decision to return to Mexico arose from President Hoover's desire that he be upon the ground during the prospective negotiations upon the church-state problem. It was authoritatively stated here, Wednesday.

When he left Mexico City Mr. Morrow planned to remain in the United States until July. It is indicated that Mr. Morrow will not have any direct part in the negotiations, but will merely occupy the role of observer.

In addition to the church-state problem, there are questions of alleged Mexican Agrarian aggressions against American-owned property that demand the ambassador's attention.

College Campus To Be Improved

Board Authorizes Westminster Improvement — Board Treasurer Resigns

Announcement was made yesterday that D. W. McNaugher of the Robert Hunt Co., Pittsburgh, has retired as treasurer of the Westminster College corporation after 31 years of devoted service to his alma mater. Mr. McNaugher was graduated from Westminster in 1891.

His resignation, after this long and valuable service, is effective at the end of the fiscal year, July 31. Pending an election of a treasurer, the board of trustees has appointed the First National Bank of New Wilmington as treasurer of the corporation.

Authorization has been given by the prudential committee of the college to create at the college the office of business manager and treasurer and to nominate a man for the position.

The executive office of the college has also been authorized to proceed at once on the grading of the Old Main Memorial portion of the college campus and the building of the major sidewalks on the enlarged campus.

This work will get under way within a short time and will be completed before the opening of college.

PAINS
THERE is no need to suffer from headache—nor neuritis or neuralgia—longer than it takes to invoke the aid of Bayer Aspirin. These tablets are an effective antidote for the most acute pains; and the quickest means of breaking up a summer cold. Perfectly harmless to anybody, for doctors will tell you they do not depress the heart. So women need not hesitate to use them on days which would otherwise be fraught with pain. Just be certain to get genuine Aspirin—it has Bayer on the box and on every tablet.

Farewell Program Honors 6A Pupils At Arthur McGill

Class Presents Pleasing Class
Day Numbers At Closing
Assembly

On Wednesday morning at 11 o'clock
pupils of the 6A class of the Arthur
McGill school presented their farewell
program in the auditorium-gymna-
sium of the school. These boys and
girls enter the George Washington
junior high school as seventh graders
next fall.

Richard Pugh acted as announcer.
The following program was given:
Piano solo by Marie Galbreath.
The class prophecy following the
solo was presented in the form of a
playlet. The setting was at the picnic
grove at Cascade park; the time, 15
years later. The students, now re-
sponsible citizens, had gathered for a
class reunion from all over the United
States. After the greetings the
master of ceremonies, Richard Pugh,
suggested that a circle be formed and
each tell of what they were doing for
a living. Each responded with a
rhyme telling of his or her occupation.
All of the conversation and rhymes
were written by the class.

Class donors, Grace Bauder and
Earl Dean. The gifts were appropri-
ate in their presentation.
Farewell song—Sung by the class.
The song was also written by the 6A
pupils.

RELIEF FROM CURSE OF CONSTIPATION

A Battle Creek physician says,
"Constipation is responsible for more
misery than any other cause."
But immediate relief has been
found. A tablet called Rexall Order-
lies attracts water from the system
into the lazy, dry, evacuating bowel
called the colon. The water loosens
the dry food waste and causes a gen-
tle, thorough movement without
forming a habit or ever increasing the
dose.

Stop suffering from constipation.

Students Attend School For Last
Time This Morning To
Receive Reports

Students of the senior high school
attended sessions for the last time
this morning to receive their
reports for the whole year. Some
returned for the last time while others
will go back in September.

The office was a busy place
throughout the morning, with many
students arranging schedules for sum-
mer school which commences on Mon-
day morning, and others asking ques-
tions concerning the number of cred-
its they had.

Henry Ford Forced To Borrow Two Cents In Buying Of Stamp

Multi-Millionaire, Auto Magnate
Borrows Two Cents To
Buy First Edison
Stamp

International News Service
ATLANTIC CITY, June 5.—Henry
Ford, the multi-millionaire motor
manufacturer, purchased the first
Edison jubilee stamp sold at the Na-
tional Electric convention here today
but he was forced to borrow two
cents to do it.

Stamps were placed on sale in
a special booth arrangement with
the postoffice department, and Mr.
Ford was the first person to appear
before it when it was opened. Unfor-
tunately the clerk was unable to
change a large bill, the only money
the automobile king had in his pos-
session.

Ford glanced hurriedly about him
for some one to help him out of his
dilemma whenupon F. Quinnian, ex-
ecutive director of the Golden Jubilee
of Light, which is being held in con-
junction with the electrical conven-
tion, stepped forward with the neces-
sary two cents.

Ford assured Quinnian that he
would repay the loan promptly.

HEARS OF RETURN OF FORMER RESIDENTS

Mrs. John Evans of South Mill
street, received word Wednesday to
the effect that Mr. and Mrs. James
Richards, former residents of Youngs-
town, O., who went back to Wales
some time ago on account of the
headache of Mr. Richards, are en-
route back to this country and are ex-
pected to arrive next week. The health
of Mr. Richards is much improved.
Mr. Richards is well known here and
throughout the country because of the
fact that he was a referee in the In-
ternational Soccer matches in Wales
before he first came to this country
and was a referee in one of the big
contests while over there this time.
He is in great demand as a referee.

There will be many ways to win the
firm vote in the future but promising
an extra session of congress won't
be one of them.

Planned His Little Town To Be State Capital

(International News Service)
AARONSBURG, Pa., June 6.—This little village, located in the exact geographical center of Pennsylvania, was once to be the capital of the state. Today it is practically deserted, save for some 250 persons who make their home here.

In 1779 when Aaron Levy purchased the Alexander Grant warrant he dreamed of a great city that was to be located here. In 1786 he laid out the present town of Aaronsburg on a pretentious scale in a mile square plot, the center of which was the precise geographical center of the state.

With infinite care he planned a boulevard which ran through the embryo town. The street had a width of 150 feet, 90 feet of which was to be devoted to vehicular traffic and the remaining 60 feet divided into 30-foot areas on each side for public purposes and grass plots. The main cross street was named Rachel's Way in honor of his wife.

Today the great width of street stands practically uninhabited. Progress has caused the substitution of the old oil-burning lamps that hung from poles placed at intervals along the boulevard for modern electric lights. The ancient wooden fire plugs which also served as drinking fountains, have given way to modern pip-

ing and fire plugs although the little town is still obtaining its water from the springs located in nearby hills which Levy tapped with an elaborate system of wooden pipes, hallowed by hand from freshly cut trees.

Such is the march of progress, for today instead of this little town in Centre county being the city of office buildings and industrial plants of which its founder dreamed, not even a railroad enters the town and its wide boulevard is practically untraveled.

At the time Levy dreamed his unfulfilled vision of a great city bearing his name, he was known as an inveterate land speculator. He came to this vicinity from Northumberland, Pa., where he had successfully built up a fair sized fortune in his business of dealing in land, but except for a few sturdy followers who believed his talk of capital buildings and the growth of a village into a large metropolis none shared his plans for the proposed state capital, and in 1802 Aaronburg had a population of 32. Levy, however, was unique in two respects. He laid out one of the most beautifully planned towns in the country. In the second place, so far as records reveal, he was the first and only Jew to lay out and plan a town in this state or any other state in the country.

Convention Sends Message To Craig

Session At New Wilmington
Wires Greeting To State
President In Hospital

A telegram was received at the morning session of the 91st convention of the Lawrence County Sabbath School Association, which is in session at the New Wilmington United Presbyterian church this morning, from Percy L. Craig, president of the Pennsylvania State Sabbath School Association, who is at the Mercy hospital at Pittsburgh. Mr. Craig extended greetings and best wishes for a most successful convention.

The convention assembled unanimously voted to forward the following telegram:

Percy L. Craig, Esq.,
The Mercy Hospital,
Pittsburgh.

Your telegram of greetings received and the 91st convention of the Lawrence County Sabbath School Association assembled at the New Wilmington United Presbyterian church at this morning's session extend the high regard and esteem of every delegate to the best president that ever guided the state organization. Our prayers and best wishes are that you may speedily regain your health so that you may continue to lead the great host of Sabbath school workers of Pennsylvania for many years to come.

Days' Prayer In Congress

The chaplain, Rev James Shera Montgomery, offered the following prayer:

O God, the Father of us all, with our hands joined in prayer, we shall be led by the right pathway. Consider and hear us: make us sincere and serious, vigilant and willing to do everything that truth requires. Lead us through the ever-green pastures of Thy grace; keep our feet from the pitfalls and the dark precipices. Seal in our hearts beautiful sentiments, direct and courageous motives. Spare us from the dangers of carelessness, and do not allow it to steal over us. Blessed Lord, shine on our way, and the blindness of materialism shall not betray us nor the intoxication of pleasure lure us to take the fatal step. Take us, fascinate us, and enthrall us with the spirit of sacrificial and patriotic devotion. Amen.

Pimples and Blackheads Affected
Face. Healed by Cuticura.

"My trouble began with pimples and blackheads that affected my face. The pimples were in blotches and very red. They itched and burned and nothing seemed to relieve them. The trouble lasted about eight weeks.

"I tried other remedies but they did not help me. I began using Cuticura Soap and Ointment and after three applications the pimples started to dry up and disappear. I continued using them and in about three or four weeks I was completely healed." (Signed) Miss Jessie Donmoyer, 203 N. 5th St., Allentown, Pa., Aug. 22, 1928.

The goodness of old-time cooking
... in an easy ... modern way

With this modern electric range, you can put the entire evening meal in the cold oven when you are clearing up after lunch — or during the morning, if you want most of the day free from household duties. Then you set the clock and adjust the thermostat on the oven door.

The oven first browns the food to perfection, then cooks it to wonderful tenderness, without any watching or tending during the whole cooking process.

The current comes on automatically at just the right time. At just the right temperature, it is automatically shut off. Cooking continues by stored heat until everything is done to a turn. Delicious results are certain because every step is controlled with scientific precision. And you can always duplicate your best results.

HAPPY LADY TELLS
WHAT KONJOLA DID
FOR HER HUSBAND

Victim Of Kidney Trouble Was
Skeptical But New Medicine
Gave Him Huge
Surprise.

MRS. JOSEPH MOORE

"What a blessing this wonderful medicine, Konjola, has been to our home," said Mrs. Joseph Moore, 768 Greenwood Avenue, Stonehurst, Philadelphia. "For months my husband suffered from kidney trouble, piercing pains, sleepless nights, and general depletion. We spent many a dollar seeking relief, but the only relief was felt when we began to use Konjola. At once he began to feel better. Soon his appetite returned, his nerves became calm and he slept soundly for the first time in

months. His kidneys became stronger and soon all troubles with them vanished. Just think, four bottles of Konjola did all this. He certainly is a firm believer in this wonderful medicine. Konjola is sold by Love & Mead, the druggist, 204 E. Washington Street, this city."

McBride Inspects
Rural Mail Route

Recently E. M. McBride, superintendent of the Mahoningtown Station Post Office inspected the rural mail route out of the Mahoningtown station. This route is number 8 and is out through North Beaver township.

Mr. McBride found the roads out through this district in very bad condition. Mail boxes on route 8 are all in good condition. If the roads were improved it would be a help to the rural mail service.

Awards Made At
Mahoning School
Chapel Wednesday

Chapel Programs Takes Form Of
Recognition Program For
Pupils

Wednesday morning the final chapel programs for the present school term were conducted at Mahoning school. There were two separate sessions, one for junior high pupils and one for intermediate pupils.

Miss Mitchell, principal of the school, presided at the junior high chapel program. Miss Hodl presided

over the intermediate program. Both programs were recognition programs for the Mahoning school pupils.

Mrs. F. C. Kuech, representing the American Legion Auxiliary, was present and presented the Auxiliary award to Virginia Stone, the eighth grade girl of the school qualified to receive the award. Joseph Cunningham was awarded the American Legion award at the chapel program last Wednesday.

Mrs. J. B. McClaren, representing the W. C. T. U., was present and presented cash awards to the pupils writing the best essays on given topics. Three awards were given: Virginia Stone, first prize; Ellen Wylie, second prize; and Ruth Schnebly, third prize.

Miss Mitchell then called on each junior high teacher in turn. Each teacher told of any outstanding work of their pupils, thus recognizing the excellent work of pupils in a public way. The same principle was carried

out in the intermediate program. Miss Hodl calling on all teachers of the intermediate group to tell about outstanding work of any of their pupils.

WESTMINSTER GUILD

The monthly meeting of the Westminster Guild of the Mahoning Presbyterian church will be Friday evening at the home of Miss Virginia Guy on W. Madison Avenue instead of at the church as was previously announced. Miss Maxine Stickle will be associate hostess.

RETURNS HOME

Miss Florence Yeager of North Cedar street has returned home after spending the past two weeks visiting with relatives and friends at Detroit, Mich.

LADIES AID SOCIETY

The Ladies Aid society of the Madison Avenue Christian church had their monthly meeting Wednesday af-

ternoon at the home of Mrs. J. B. Bumbaugh of Sixth street. There was a good attendance of members present. During the afternoon there was a business meeting after which there was a social hour.

At a seasonable hour delicious refreshments were served by the associate hostesses, Mrs. Bumbaugh, Mrs. Kenneth Walker, Mrs. Sam Taylor.

LATIN HONORS ARE ANNOUNCED

Winners Of Awards At Senior
High School Are Made
Public

With the close of school the Latin department of the senior high school announces its honor students for the regular classes completing the courses in Caesar, Cicero, and Vergil. These honors are awarded on the basis of high standing in a series of the new objective type of tests.

The Vergil awards carry with them valuable medals of artistic design, worthy of the fine scholarship of the students who win them. They all rank high in all their other subjects and are live wires in various organizations. Of their number Miss Hazen recently was district representative in the oratorical contest held in Pittsburgh.

The honors are as follows:

Vergil
Summa Cum Laude—Edith Cleaveland.
Magna Cum Laude—Ella Mac Johnston.
Cum Laude—Genevra Hazen, James Gardner.

Cicero
Summa Cum Laude—Elizabeth Leishman.
Magna Cum Laude—Madie Gardner.

Caesar
Summa Cum Laude—Dorothy Shiffler.

Magna Cum Laude—James McKee Cum Laude—Dorothy Young, Elizabeth Louer, Ethel Keck, Frank Baldwin, Felix Zuchowski, Mary Brown, Velma Wright, Dorothy Moore, Martha McCreary.

"College Board" Class
Summa Cum Laude—David Kay.
Magna Cum Laude—Clyde Gibson.
Cum Laude—Jonathan Brown, Tom Hawkins.

The Cicero, Caesar, and College Board groups of honors receive certificates and become eligible to membership in Senatus Romanus, the student club of the Latin department. This is the organization which sponsors the semi-annual Latin Tournament for the junior high schools of the city. It is this organization which encourages high scholarship by the medal awards to students who have completed the regular college preparatory course in Latin.

Old-Timers Today

By GEORGE STOVALL

Tinker-to-Evers-to-Chance, the most famous infield combination baseball ever knew, is now but a name to a new diamond generation. But to the old-timer there can never be another double play combination quite so wonderful as the Three Terrors of the Chicago Cubs.

Though Tinker and Evers and Chance were alike in being triple stars and the idols of the Windy City, fate has dealt differently with them.

Frank Chance is dead.

Johnny Evers is making a sort of baseball comeback as assistant manager of the Boston Nationals.

Joe Tinker is a wealthy Floridian.

During the boom several years ago Tinker was said to have become a millionaire through successful real estate operations. The deflation may have lessened his fortunes, but he still has plenty to keep the wolf from the door. He lives in Orlando.

Tinker was one of the National league's greatest shortstops. He was a major unit in the great Cub machine which rolled up pennants after pennant in Chicago's halcyon baseball days.

It was Joe Tinker who helped Johnny Evers complete the famous play against Merkle, when the New York infielder failed to touch second and was called out, forcing a playoff of

the game and eventually costing the Giants the flag.

I knew Tinker back in the days when he was playing with the Hogans-Taylor, a Kansas City independent club, and I was first-basing for the May-Sterns, another K. C. club. Tinker always was a smart ball player and it wasn't long before his ability was recognized and he was on his way up.

Many fans and sports writers used to wonder why Tinker, who rated just fair as a batter, could hit Matthewson with so much success. I'll tell you why. Joe got several hits off Matcy when he first faced the Giants' pitching ace, and Tinker's drives beat Christy out of a couple of games.

After that, Joe felt he had the Indian sign on Matcy, and McGraw's great pitcher may have felt the same way, for Tinker in one season won five games from New York by his individual hitting and in four them Matcy was the victim.

Next—Frank Schulte.

At one time curly hair for Japanese women was considered a distinct social disadvantage. The permanent wave has now invaded Japan, however, and women have their waves "set" in Americanized beauty salons in Tokio.

Democratic Harmony Is Proving Elusive, Turmoil Continuing

Bishop James Cannon, Jr., Makes Plea For Anti-Smith Bolters To Stand Firm

Democrats Plan Banquet In Capital In Honor Of Jettett Shouse Of Kansas City

By GEORGE R. HOLMES
International News Service Staff Correspondent

WASHINGTON, June 6.—The harmony which the Democrats have been talking about—and some of them praying for—since the great November split is proving a elusive bird. Not only was Bishop James Cannon, Jr., gone on the war path in Virginia again, with a plea to the anti-Smith bolters to stand firm and name their own candidate for governor, but the widely advertised "harmony dinner" to be given here next Monday night in honor of Jettett Shouse of Kansas is being quietly—and in some cases noisily—cut by the anti-Smith southerners in congress.

Raskob Invited. Shouse recently was elected to organize and preside over permanent Democratic headquarters in Washington, the theory being that a militant, aggressive national organization, functioning under a Democrat of Shouse's background, would heal some of the wounds suffered last fall. Shouse is a southerner by birth, a former McAdoo lieutenant, and generally popular with all factions. John J. Raskob, the national chairman, and the target of even more than Gov. Smith's of southern opposition, was to remain out of the Washington limelight. That was the theory of the thing.

Local friends of Shouse arranged Monday night's dinner in the furtherance of the harmony theory. Naturally, Raskob was invited as chairman of the national committee and put down for a speech.

Reckon Without Figures. But the local harmonizers reckoned without such figures as Senator Furnifold Simmons of North Carolina, Senator Cole Blease of South Carolina, Senator Tom Heflin of Alabama and other well known southerners to whom the very name of Raskob is anathema.

The mere fact that Raskob is to be at the board and to make a speech was sufficient to move many of them to find previous engagements for next Monday night; others to decline for various reasons and a few to come out openly and criticize the effort to reach any harmony.

"Harmony" said Senator Simmons who led the revolt against Smith last fall, "demands the unhorsing of Raskob." Blease Very Frank. "I don't care about any reorganization that is to be in the hands of the Smith crowd" said Senator Blease. Others were not so open in their comment but inquiry has disclosed that comparatively few southern senators will be present. Senators Class and Swanson of Virginia, have "other engagements," the Georgia senators, Harris and George, have not accepted; the four senators from the two Carolinas are out. The Alabamians will not attend; Senator Sheppard of Texas, author of the 18th amendment will be missing and there have been numerous declinations from southern members of the house.

A good many of the southern senators come up for re-election in 1930 and are primarily interested right now in bringing back into the fold those "Hooverrats" who rolled up the enormous anti-Smith vote in their states last November.

Increased Activity At Coke Plants

(International News Service) CONNELLSVILLE, Pa., June 6.—With increased activity at furnace coke plants, production in the Connelville region was boosted to 108,390 tons during the week ending June 1, according to the International News Service summary prepared here today.

This total marked an increase of 3,510 tons over the previous week and represented the largest output in any week since the middle of May, 1927. The increase was all at furnace plants, however, merchant operators having suffered a slight falling off. Prices were reported unchanged although the quotations for spot shipment were firmer than for weeks. The range of \$2.75 to \$2.85 for furnace coke with a considerable number of sales reported at the latest figure.

No Detour As Yet To South Lee Avenue

Persons who own automobiles in South Lee avenue cannot get in or out of the avenue on account of the repaving of West Washington street, it was reported today. When the engineering department of the city was asked they reported it true. It was also said that it would cost considerable money to make a detour. The only route to South Lee avenue would be from the State street through Willard avenue section. During the past few days considerable talk of a detour has been heard in city hall but no detour has been made. The contractor repaving West Washington street has excavated almost to Smithfield street from the city line.

Sentence Sermons

By Rev. Roy D. Smith, D. D.

ANXIETY—

Is a foul wretch that leaves no happiness untouched.
Is a poison that will infect all pleasures.
Is a fog that will hide all pathways.
Is a storm that will chill the stoutest heart.
Is a dungeon in which no joy can live.
Is the most persistent of all the fiends.
Is never conquered except by a sublime faith in God.

Bride-To-Be Feted
By Mrs. E. H. Evans

ELLWOOD CITY, June 6.—Miss Helen Whittaker, who will become Mrs. Carl Bonnett of Baltimore on Saturday, was guest of honor at a dinner party Wednesday evening when Mrs. E. H. Evans entertained at her home on South Ellwood Heights.

Covers were laid for eight at one large table centered with a pretty arrangement of yellow roses. The place cards were small boutonnieres of the same tone in the Cecil Brunner roses, making a pretty table setting for a prospective bride.

Two tables of bridge were enjoyed during the evening hours and score books went to Miss Louise Barton, Miss Ruth Lundgren and Mrs. Walter Whittaker. The honor guests received a lovely gift. Those enjoying the event were: the Misses Alice and Louise Barton, Ruth Lundgren, Helen Whittaker, Blanch Fisher, Mrs. Walter Whittaker and Mrs. George Pugh.

Ladies Enjoy Joint Meeting Wednesday

ELLWOOD CITY, June 6.—Members of the Women's Missionary Society and the Ladies' Aid Society of the Slippery Rock church enjoyed a joint meeting Wednesday all day in the church. A delicious luncheon was enjoyed at noon. The Missionary Society conducted a short business session as did the Aid Society, after which they enjoyed the devotional service together. They decided to accept the invitation extended by members of the Women's Missionary Society of the Bell Memorial church to meet with them next Wednesday for an all-day meeting. About 40 ladies signified their intention of attending the meeting. Mrs. Sharp Johns is in charge of the program.

Evening Bridge
ELLWOOD CITY, June 6.—Miss Louise Barton and her committee will have charge of an evening bridge party for men and women Friday evening at the Ellwood Country club. Plans are being made for a pleasant evening and a large attendance is anticipated.

Preparatory Service
ELLWOOD CITY, June 6.—There will be a preparatory service Friday evening in the Bell Memorial church conducted by Rev. John King as a prelude to the serving of Holy Communion on Sunday.

Quota Club To Have Bridge

ELLWOOD CITY, June 6.—At the regular meeting of the Ellwood City Quota club which took place Wednesday evening in the form of a dinner in the M. E. church the ten members present decided to have a bridge party for Quotarians and their friends at the home of Mrs. Lillian Thomas 120 Glen avenue the afternoon and evening of Thursday June 13.

Members of the committee in charge are Miss Fanny Brownstein, chairman, assisted by Mrs. Thomas, Miss Mabel Long, Miss Louise Barton, Mrs. Harry Caplan and Miss Elizabeth Patton.

The club members also decided to send Mrs. Nora Moyer and Mrs. Harry Zeigler to Worcester, Mass., as delegates to the national convention which is scheduled to take place June 23, 28 and 27.

Workers Dinner Is Very Successful

ELLWOOD CITY, June 6.—Sixty-six school workers and teachers and officers of the Christian church Sunday school enjoyed a dinner meeting in the church dining room Wednesday evening.

A. J. Howell superintendent of the Sunday school acted as toastmaster and introduced Rev. W. W. Smith pastor of the Third Christian church of New Castle who gave an excellent address on "The Bible School Influence on the Church."

Another feature of the meeting was the talk given by Harley Maskrey a member of the 1929 graduating class of the local high school who gave an eloquent discourse on "Faith and Works." Mrs. Reta Maskrey had charge of the program.

Mrs. Morrison Dies At Camp Run Home

Pioneer Resident Of This Community Passes Away After Brief Illness

ELLWOOD CITY, June 6.—Mrs. Elizabeth Stamm Morrison, aged 83, succumbed to a short illness Wednesday afternoon at 3 o'clock at the home of her daughter Mrs. J. E. VanGorder of Line avenue.

Mrs. Morrison had resided all her life in the Camp Run district. Her husband preceded her in death in 1884. Immediate survivors are the following children: Mrs. J. E. VanGorder of this city, Mrs. J. V. Aiken of Portersville, Elizabeth and James Morrison at home. There are 13 grandchildren and five great-grandchildren.

Brothers and sisters, Mrs. Lena Zeigler of Jacksonville, Fla., Frank Stamm of this city, W. H. Stamm of Harmony, Walter Stamm of Martinsburg Pa. and Mrs. P. H. Tester of this city.

Funeral services will take place from her late home in Camp Run Friday afternoon at 3 o'clock daylight saving time. Rev. W. E. Minter of the United Presbyterian church will officiate. Interment will be made in the Wurttemberg United Presbyterian cemetery.

Mrs. Young Will Tell Of Home Class Work Here

ELLWOOD CITY, June 6.—Mrs. Joseph Young, who has been most successful in teaching foreign born mothers their letters and how to keep their homes, will be the speaker at the regular weekly dinner-meeting of the Rotary Club this evening in the dining room of the First Presbyterian church.

This class for foreign born mothers was organized last year through the efforts of the Women's Club of this city, who defrayed a large part of the expenses. The school board at a recent meeting so far recognized the advantages of the class that they pledged themselves to aid it financially next year.

Mrs. Burton Bell Entertains Club

ELLWOOD CITY, June 6.—Members of the Smart Set Club enjoyed Wednesday afternoon as the guests of Mrs. Burton Bell of Glen avenue. Dessert was served at 1:30 o'clock at one table centered with a bouquet of red garden flowers.

A special guest was present, Mrs. Mary McClung of Pittsburgh. During the afternoon two tables of bridge were in play and at the conclusion of a pleasant session score books went to Mrs. H. J. Jenkins and Mrs. Theodore Markwort, while Mrs. McClung received a guest favor. Next Wednesday Mrs. F. H. Haines of Fourth street will entertain at one o'clock.

Pair Accused Of Shakedown

ELLWOOD CITY, June 6.—William E. Knally and Mike McGonick of Ellwood City were given a preliminary hearing yesterday before a United States commissioner charged with having falsely represented themselves as government agents. It was testified they went to the home of Mrs. Margaret Gerle in Rankin on Tuesday and demanded \$500. The demand was made on the woman after she had given wine to her visitors.

It also was told before the commissioner that the pair later went to a steel mill where Mrs. Gerle's son worked and made the same demand on him. Two badges were found in an auto driven by the men, and the woman claimed the men had flashed one while at her home. Paul Gerle, another son, testified he heard the men make a demand for \$100 on his mother.

The commissioner reserved his decision. Knally and McGonick were arrested by borough police.

Teachers Enjoy Social Event

ELLWOOD CITY, June 6.—Members of the teaching staff of the West End school and special guests a steak fry at the Clifford McDanel home at Jackson Stop. A delicious menu of steaks and the usual trimmings was enjoyed after which a social period was in order.

Special guests present were Mrs. Grenham, Mrs. Edith Barnhart, Mrs. Arnold, Miss Elsie and Miss Cooper. Teachers present were Miss Kelly, Miss Robinson, Miss Davis, Miss McDanel, Miss Belles and Miss Achsa Jackson.

Master Jay Thigoe and Master Clifford McDanel assisted in gathering firewood and so were additional special guests.

The Story Of The World War
XXVIII—The Russians Invade East Prussia

TO AID THEIR HARD-PRESSED ALLIES IN BELGIUM AND FRANCE BY CREATING A DIVERSION THE RUSSIANS, IN SPITE OF THE SCARCITY OF STRATEGIC RAILWAYS AND ADEQUATE MILITARY EQUIPMENT, MANAGED TO LAUNCH A PROMPT ATTACK UPON THE EASTERN PART OF GERMANY.

AUGUST 18, 1914, TWO GREAT RUSSIAN HOSTS, ADVANCING OVER A WIDE FRONT, INVADDED EAST PRUSSIA. THE GERMANS, CONCENTRATING THEIR EFFORTS ON THE CAMPAIGN TO CRUSH FRANCE, HAD NOT EXPECTED THE RUSSIANS TO STRIKE SO QUICKLY, AND THE NEWS OF THIS INVASION SPREAD CONSTERNATION THROUGH EASTERN GERMANY.

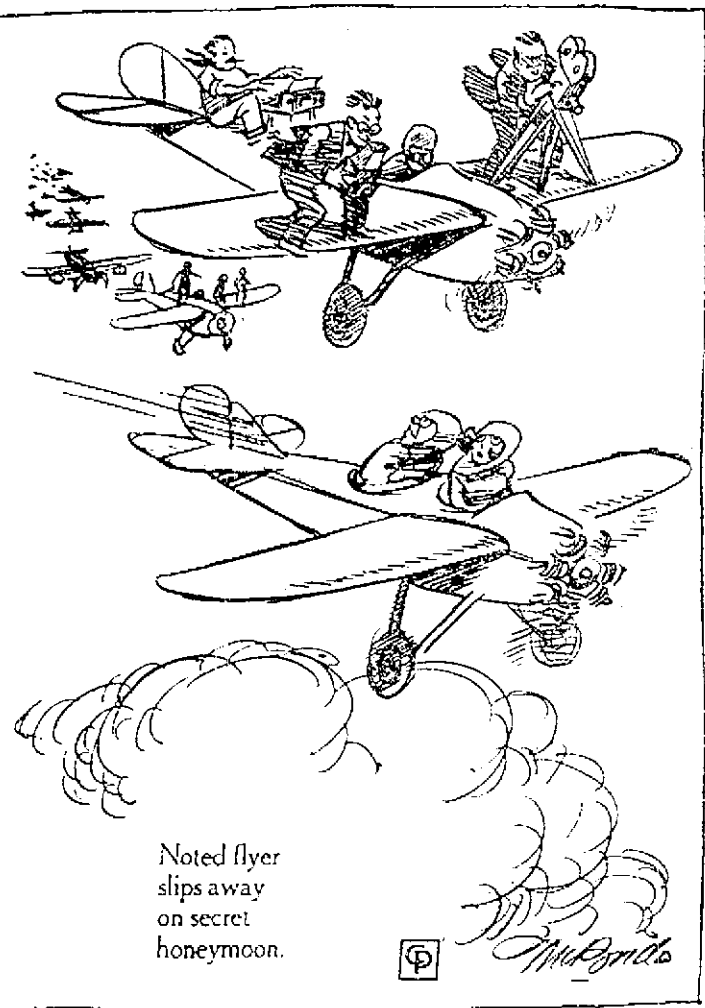

TERRIFIED AT THE SUDDEN APPEARANCE OF THE DREADED COSSACKS, THE INHABITANTS OF THE EAST PRUSSIAN TOWNS FLED TO THE WEST. TRAINLOADS OF EXCITED REFUGEES POURED INTO BERLIN. THE COMPARATIVELY SMALL GERMAN FORCES IN THE EAST, AFTER BEING DEFEATED IN SEVERAL SHARP ENGAGEMENTS, FELL BACK BEFORE THE INVADERS.

ANXIETY INCREASED IN THE GERMAN CAPITAL AS THE RUSSIANS, WITH A SWIFTNESS THAT RIVALLED THAT OF VON KLUCK'S DRIVE THROUGH FRANCE, SWEEPED ACROSS EAST PRUSSIA AND THREATENED THE IMPORTANT CITIES OF KÖNIGSBERG AND ALLENSTEIN.

ROCCO DEPARTS FOR VON PORAT BOUT

BY RUBE GOLDBERG

Meets Norwegian In Chicago Ring

Has Trained And Reached Superb Condition At Jolly Bowl

PUNCHES BETTER AND MOVES FASTER

Emmett Rocco, Ellwood City heavy weight who has been training at the Jolly Bowl and sojourning at Lake-wood Beach for the past week or more left New Castle last night for Chicago where he meets Otto Von Porat, Norwegian in a 10-round bout, June 11. He was accompanied by Manager Joe Cumo, Jimmie Dunn will take to Chicago Saturday as Henry Firpo battles Mickey Pedore at Canton, Friday night.

The Norwegian fought Johnny Risko recently at Boston and Risko won the decision. Rocco took the "risk" out of Risko at Cleveland and was matched to fight Von Porat.

Manager Cumo effected an agreement previous to the fight with Risko whereby he was to supervise Emmett's training and cooperate in the making of matches around the Risko Von Porat bout is the outcome.

Emmett has been working fine in his training at the Jolly Bowl. His speed is twice as fast as formerly and he now has a repertoire of punches that he thoroughly understands how to deliver.

When he fights at Chicago he will have many local friends follow him. The Jolly Bowl attaches will all be there. Bill Jolly and others plan to motor there Sunday.

"Dempsey at his best and Tunney at his best; who would win?" That was put to Jimmie Dunn last night. "You can't compare 'em. Dempsey was strong, tough and a great hitter. Tunney was a good boxer and a smart fighter. It would have been a great fight," was the reply from Jimmie.

Ten minutes before the Paul Balint-Tom O'Leary fight we were sitting in a room. "Who is Balint fighting?" Jimmie Dunn asked of Patsy Brannigan. "Your boy, O'Leary," replied Pat. "Too bad," said Jimmie Dunn. "Too bad," said Jimmie Dunn. "Too bad," said Jimmie Dunn. "Too bad," said Jimmie Dunn.

After the fight Patsy looked over at Dunn. Jimmie smiled. Patsy ducked away. They met downtown. "Gee, Jimmie," said Patsy, "did you see the punch?" Jimmie smiled. "Well, Patsy, I'm glad of one thing. It has been a long time since one of my fighters has been knocked out, but I'm glad you manage the boy who turned the trick."

Joe Dinger, who fought a great fight with Lee Sala, is around town. He looks like a fighter now. He wears black around his eyes. "Did he miss you any spot at all?" we asked of Joe. "Not very much," replied Dinger, "but he looks just like me." Sala had seven pounds weight on Dinger. Joe broke his right thumb in the third round.

Mushball League

TIN MILL WINS

The Shenango Tin Mill mushball team defeated the Phalanx Fraternity team of the 'Y' in a mushball league game played at Colonial field on Wednesday night by a score of 17 to 5. Not so bad.

The Tin Mill now has a good toe hold on the league lead, but the teams are starting to show signs of life, and the sledging is not going to be easy from now on.

On Friday night the Lehigh Cement team is scheduled to meet the Firemen in a game at Colonial field.

Schmeling Trains Hard For Battle

LAKESWOOD, N. J., June 6.—The belated courtesies of Germany Heller, latest addition to Max Schmeling's staff of sparring partners, bore eloquent testimony today to the dynamite in Der Maxie's fists. Making his first appearance at Schmeling's camp here yesterday, Heller caught a volley of rights and lefts to the head and body. He left the ring with a blood-smeared face.

The German Dempsey further warmed up for his bout with Paulino on the 27th by working out for four rounds with Johnny Urban, George Neron and Ray Neuman, the camp's work consisting of six rounds in all. Georges Carpentier, the flashy Frenchman who formerly held the light-heavyweight championship of the world, is coming here next week to have a look at Max and may box a couple of rounds with him. The "red hot" also will visit Paulino's camp.

W. P. I. A. L. Suspension At New Castle High To Lift Itself On July 1

New Castle High Will Again Join "Simon Pures" After Serving Sentence

Gardner Arranges Fine Grid Schedule; Past School Athletic Year Has Been Rough One

By BUGS WALTHER

New Castle High School's suspension from the Western Pennsylvania Interscholastic Athletic League, will automatically lift on July 1. Announcement to this effect was made today by Ralph H. Gardner, faculty manager at Senior High.

The "Pecks Bad Boys" of the scholastic sports section of this section of the state, having been duly chastised for a very slight alleged violation of the very flimsy rules, will now be back in the good graces of the fathers of the association.

The turmoil raised over an alleged infraction of the rules in the playing of Glenn Shaffer, substitute quarterback, caused quite a rumpus in scholastic circles during the past year. Verbal wars were fought without any real justification. New Castle high has lived through it all.

New Castle high has not been permitted to have anything to do with the W. P. I. A. L. in regard to basketball and track during the past few months. The past few months has seen the dropping off of the New Castle high athletic card a very fine high school team, Beaver Falls. The valleys have long been rivals of the red and black and contests between the two schools always gave the sport fans a run for their money in football, basketball and track. It was only with deep regret that New Castle high was forced to drop relations with the orange and black.

Back in League. New Castle high will undoubtedly be back in the W. P. I. A. L. football title race next fall. Gardner has scheduled five league teams. If New Castle is fortunate enough to win, all right.

If the truth were but known and admitted, the W. P. I. A. L. felt worse about the suspension of New Castle than the local officials did themselves. New Castle is a drawing card. Whenever Coach Bridenbaugh takes a team away from home they are assured of a good crowd.

Fine Schedule. Ralph H. Gardner today as his last official act of the 1928-29 school year announced the football schedule for the fall of the present year. There is but one open date to fill and that is for October 26. The school board failed to sanction a game with the famous Augustus. Ga. high school team for that date and consequently New Castle is finding difficulty in scheduling a good team. A good many of the high school programs have been completed. New Castle may be forced to accept a permanent open date for October 26.

The schedule for this year: Sept. 21—Grove City here. Sept. 28—Rayon high. Youngstown, here.

Oct. 5—Allegheny here. Oct. 12—Westinghouse here. Oct. 19—Vandergriff here. Oct. 26—Open. Nov. 2—Bellevue here. Nov. 9—South high. Youngstown, at Youngstown. Nov. 16—Greensburg here. Nov. 23—Permanently open. Nov. 28—Washington high here.

Italians To Play Hillville Friday

The Italian A. A. will play the Hillville team, in a Lawrence County League game, at 6:30 o'clock Friday night, at the Hillville field. Announcement of the game was made today by Carm Sacco of the Italian team. The game should be a good one. Both teams are playing a fine brand of baseball and are fighting for the lead in the Lawrence County loop.

SALO CONTINUES TO LEAD DERBY

MESA, ARIZ., June 6.—John Salo, Passaic, N. J., policeman, today continued to lead C. C. Pyle's bunion derby as the super-marathoners were to get away on the 68th lap. In the 51-mile jaunt from Superior, Ariz., here, Salo led the pack in 6:34:55. Paul Simpson, Burlington, N. C., finished second in 7:11:10 and Guisto Umek of Italy, was third in 7:32:30. Pete Garvins of England, and Sam Richmond, New York, tied for fourth place in 7:34:48.

Junior Hi Meet Hotly Contested

Controversy Over Relay Race Winner Beclouds Outcome

MAHONING AND WASHINGTON RACE

By CHARLES LANDOLF

As a result of a controversy over which school won a relay race in the George Washington-Mahoningtown track and field meet held at Franklin field on Wednesday afternoon, the field on the meet is not certain. In the relay race, which was the last event carried and which was apparently won by Washington high, the Mahoningtown team protested that Sotus, last runner, received the baton from the previous runner in a manner that disqualified the team.

Before this event the Washington team were leading the meet with 63 points. Mahoningtown had 63 points. After the race Washington was disqualified, this causing a dispute between the coaches. With the acquiescence of the relay race to the Mahoningtown points the meet stands as a tie.

All events proved quite interesting. The boys were divided into Juniors and seniors so as to give every boy an equal chance. Wilkes proved the best sprinter for the Washington team while Evans proved the best for the seventh warders.

Following is a summary of the events:

75-yard dash (Juniors) won by Evans, Mahoningtown; Parsons, George Washington, second; Sotus, Mahoningtown, third. Time, 2:10 seconds.
220-yard dash (Juniors) won by Evans, Mahoningtown; Conitt, Mahoningtown, second; Parsons, George Washington, third. Time, 2:10 seconds.
50-yard dash (Seniors) won by Billyk, Mahoningtown; Emerick, Mahoningtown, second; Broom, Mahoningtown, third. Time, 2:10 seconds.
Broad jump (Juniors) won by Kelley, George Washington; Shannon, George Washington, second; Davis, Mahoningtown, third. Height, 5 feet 3 inches.
High jump (Juniors) won by Cole, George Washington; Wilkes, Mahoningtown, second; Bailey, Mahoningtown, third. Height, 4 feet 3 inches.
400-yard relay (Juniors) won by Mahoningtown (Sotus, Broom, Emerick, Evans). Time, 2:10 seconds.
20-yard dash (Seniors) won by Wilkes, George Washington; Compello, Mahoningtown, second; Sotus, George Washington, third. Time, 6:10 seconds.
220-yard dash (Seniors) won by Wilkes, George Washington; Sotus, George Washington, second; Sotus, George Washington, third. Time, 2:10 seconds.
440-yard dash (Seniors) won by N. Uram, George Washington; Martin, George Washington, second; McClurg, Mahoningtown, third. Time, 4:30 seconds.
100-yard dash (Seniors) won by Wilkes, George Washington; Nickum, Mahoningtown, second; Sotus, George Washington, third. Time, 1:10 seconds.
Broad jump (Seniors) won by Lane, George Washington; Hill, Mahoningtown, second; Hileman, George Washington, third. Distance, 17 feet 3-4 inches.
Pole vault (Seniors) won by Hileman, George Washington; Miller, George Washington, second; Messner, Mahoningtown, third. Height, 8 feet 3 inches.
Shot put (Seniors) won by Nickum, Mahoningtown; N. Uram, George Washington, second; Hill, Mahoningtown, third. Distance, 37 feet 5 inches.
High jump (Seniors) won by Hileman, George Washington; Coetzass and McClurg, second; Sotus, George Washington, third. Height, 4 feet 10 inches.
880-yard relay (Seniors) won by Mahoningtown (Nickum, Coetzass, Bailey, Compello); George Washington was disqualified.
Walter Hagen will not defend his British open golf crown next year as he booked for a world tour.

Commissioners Of City-County League Will Act At Once

Get First Bit Of Work Since The Opening Of The Present Season

Commissioners of the City-County League will get into action on the first protest of the present baseball season in the immediate future.

The protest, which has been made in writing to Cliff Roberts, league secretary, has been turned over to the commissioners, H. K. Bell, Frank Waddington of East Brook and Ed Sechler of Princeton.

It involves a game played May 23 at the Princeton grounds, in which Energy and Princeton participated. It is claimed by J. R. Hogue, manager of the Energy team, in protesting the game, that the Princeton team had players in the lineup that night, who had not been under contract seventy-two hours prior to the game as required under the rules and regulations adopted by the league.

While Princeton has made no formal statement regarding the matter, it is understood that this team will claim that the contracts had been secured and filed.

The commissioners will hold a hearing in the matter just as soon as a date suitable to all persons concerned can be arranged.

Ken Strong, New York university grad star, hopes to play pro baseball direct from high school diamond to the St. Louis Cardinals.

Witt To Return To Diamond Game

READING, Pa., June 6.—After spending several years in seclusion on his farm, Lawton (Whitey) Witt, a star on the first pennant-winning Yankees, has again yielded to the call of the diamond. The diminutive outfielder has agreed to play with the local International League as soon as he is declared eligible by Judge Landis. Witt is on the voluntary retired list at present.

Stars To Compete At Chicago Friday

CHICAGO, June 6.—Athletic stars from all parts of the United States were engaged in final workouts today in preparation for the national collegiate track and field championship tomorrow and Saturday. Preliminaries in the dashes, hurdles and quarter and half mile will be held tomorrow afternoon. Finals will take place Saturday afternoon on Stagg field.

A lively struggle between Washington and Stanford, formidable western contenders for the team trophy is anticipated.

Clarence DeMar, six-time Boston marathon winner, will run in Los Angeles marathon June 15.

Jim Bottomley, most valuable national league player last season, went direct from high school diamond to the St. Louis Cardinals.

Kid Chocolate Wins With Broken Thumbs

CHOCOLATE. It was not announced until several hours after the bout that "The Keed" had broken both thumbs in battering the hard head of the Spaniard early in the fray. Chocolate had an edge in the lightning. Gregorio landed more blows but did not hit as hard as his opponent.

In other ten-rounders George Courtney of Oklahoma outpointed Jack Macey, New York negro middleweight. Billy Wallace, Cleveland lightweight, won the decision over Bruce Flowers, New Rochelle, N. Y. negro; and Baby Joe Gans, coast negro welterweight, outpointed Pinkie Kauffman, of Hartford, Conn.

Slovaks-Princeton Schedule Contest

The Slovak A. C. team of the Lawrence county league will play the Princeton team of the City-County league Friday night at 6:30 o'clock at the Princeton field. It will be the initial meeting between the two teams and a good game is expected.

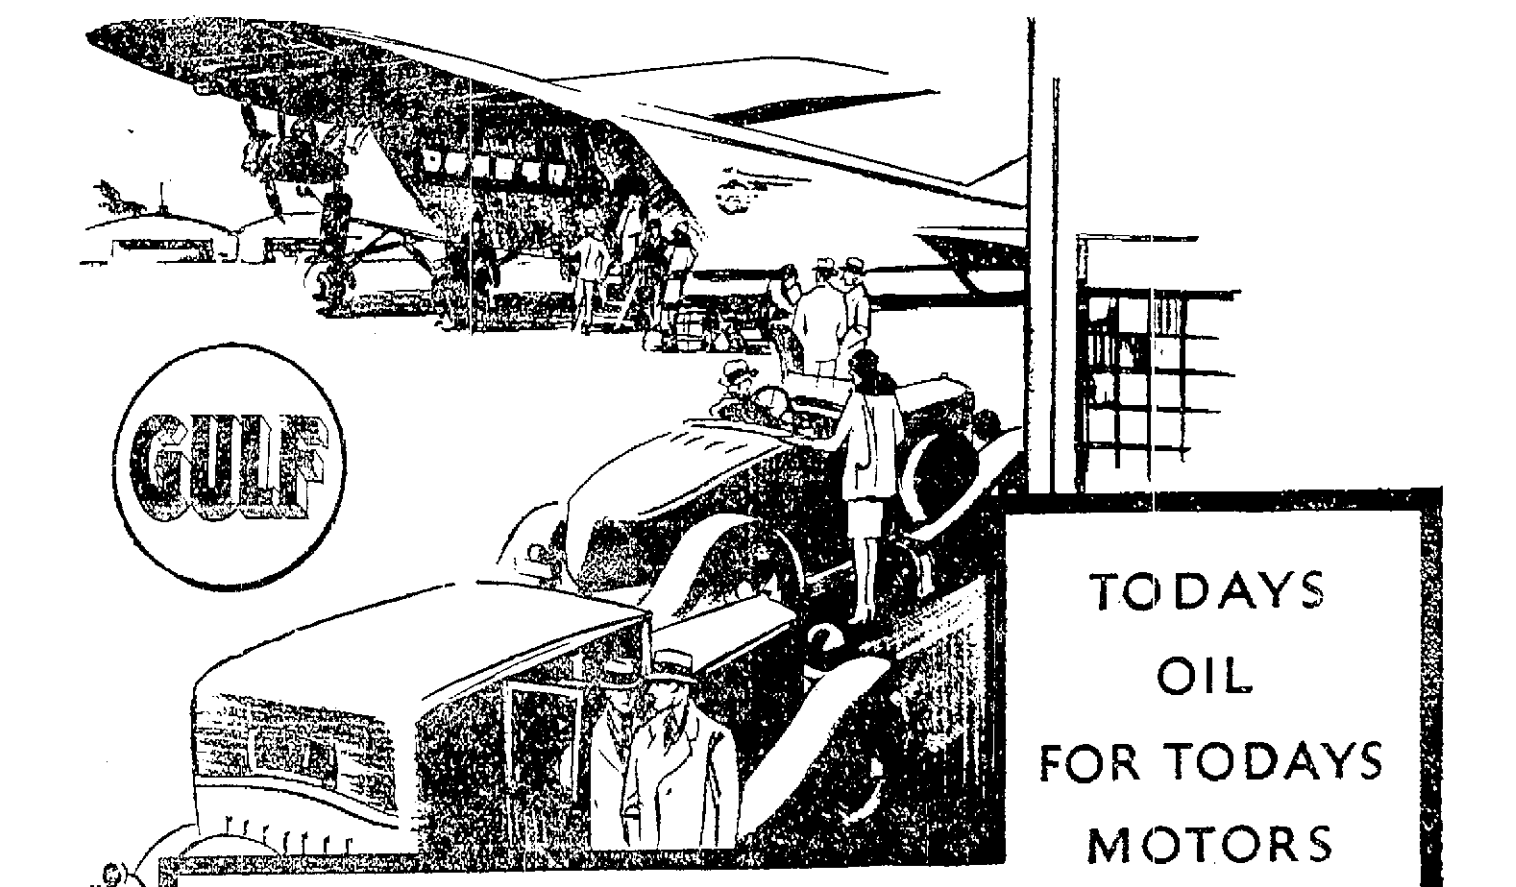

Tonight the Slovaks travel to Hillsville for a regularly scheduled game with the Hillsville team in the Lawrence county league. The Slovaks have been hitting a fine pace and are out to win the game this evening, says Tony C. Richards, business manager.

Lawrence County League Doings

Two games are on tap tonight in the Lawrence County League. The Bessemer team will play the Penny railroad team at the E. A. grounds at 6 o'clock, with McCann and Nolte the umpires.

The Slovak A. C. team goes to Hillsville for a game with Hudson and Domesick scheduled to work as the officials.

Saturday the Wampum team meets the Italian A. A. at Centennial Field. Pride and Brooks will work the game.

Pirates Have Lead, Are But

TWO-TEAM RACE IN AMERICAN LEAGUE

By LES CONKLIN
International News Service Staff

NEW YORK, June 6.—Only 3 1/2 games separate the league-leading Pirates from the fourth-place Giants in the National League scramble today, providing a four-cornered race. The Giants, who are furnishing most of the fireworks at present, knocked the Cardinals out of the lead yesterday while Pittsburgh was idle.

Indications are fast growing that the American League campaign will be another two-horse race between Philadelphia and New York. The Yankees, off on another tear against the western clubs, won their fifth straight yesterday and took second place from the Browns, who were unable to stop the Athletics. The latter have yet to lose two games in succession this year.

Yanks Beat Indians.
The Yanks, with Ruth, Meusel, Koenig and Lary out of the regular lineup, nipped out the Cleveland in the twelfth yesterday, 5 to 5.

With his mates piling up a comfortable lead off Crowder, Rube Walberg of the Mackin machine held the Browns to four hits and won 5 to 2. Cochran and Miller hit homers for the A's and Kress and Melillo did for the Browns.

Master Melvin Ott's twelfth homer of the season, coming with two on base, featured New York's 6 to 4 win over the Cardinals. Chick Mafey starred for the Cards with three hits, including his thirteenth homer.

Buzz McWyn of Brooklyn blanked the Cubs for eight innings but blew up in the ninth when the veteran Bancroft inneses up two chances for double plays. A pinch hit by Gabby Hartnett gave Chicago a 4 to 3 edge.

Both tailenders, the Reds and the Red Sox, stepped out of character to put on a batting carnival. Scoring nine runs in the sixth, Cincinnati overwhelmed the Phillies, 21 to 4. Klein, the Phils' fence buster, kept the lead in the home run derby by cracking out No. 14. Cincinnati's 21 runs set a new high scoring total for the year in the National League.

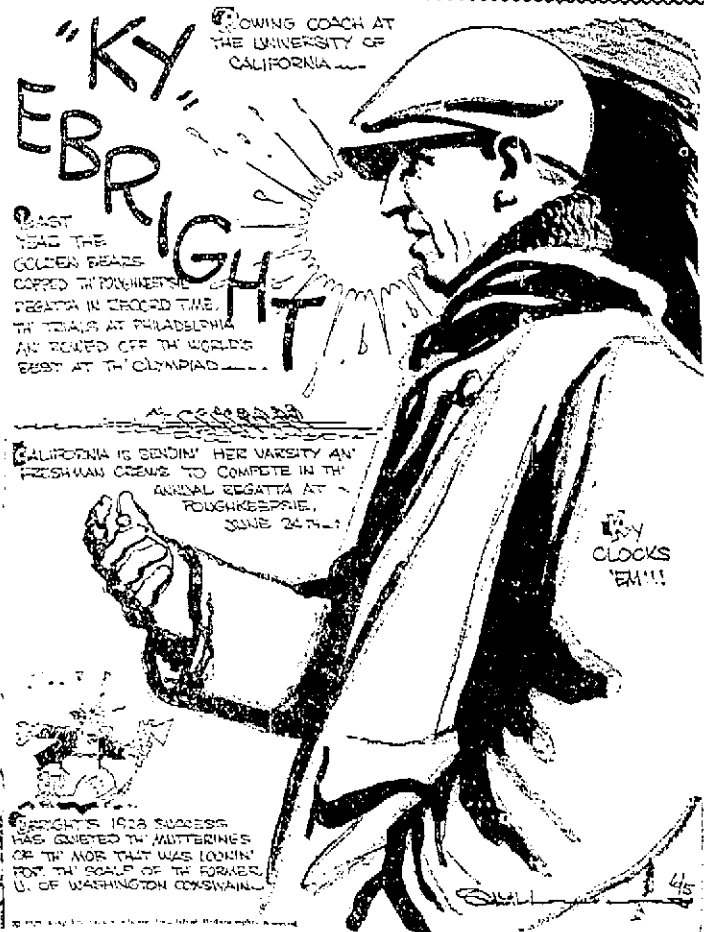

In Boston's 17 to 2 slaughter of the White Sox, the Red Sox collected 23 hits for 39 bases and made nine consecutive hits in the eighth after two were out, scoring eight runs.

Firpo Marberry of Washington, who used to work for Bucke Harris, held Buck's Tigers to five hits and beat them 8 to 2.

The Cleveland Indians have played but one game in Boston on Sunday, and they lost it.

The young man who wants to see a girl's eyes sparkle should buy her a many-carat diamond.

Can Golden Bears Repeat?

On the afternoon of June 24th the historic Poughkeepsie regatta will be paddled on the equally historic Hudson river.

Every year this rowing classic attracts the best crews in the country. The fans of the sport either drape their frames along the river bank in advantageous positions, or are tooted along the banks of the Hudson on open air cars manipulated by the railroads. (Incidentally we wonder what they do with those trick cars for the other 364 days of the year?)

Last year the Golden Bears of the University of California, under the tutelage of Ky Ebright, former University of Washington swimmer, won the big event. They did more than win it. They even shattered a record which had stood for years and been highly respected. The Bears of 1928 were a miraculous crew. They not only tipped over the water bucket at Poughkeepsie, but they won the elimination series in the trials for the Olympics, which were held at Philadelphia; and at Amsterdam, later in the summer, they beat the world's best at the Olympiad.

Ebright set a high mark for himself last year. He had the opportunity, of course, to do so because of the Olympics. There'll be no Olympics this summer, but Ky and his Bears are determined to repeat their last year's feat on the Hudson later in the month.

The California coach has practically the same crew he used last summer back again this year and already they have shown that they are a tough gang to beat. Earlier in 1928 the Washington Huskies took the spray from the California oars. Yet it's a certainty that the Bears will meet some very keen competition on the Hudson. However, Ebright is confident and the growlers around Berkeley, who were out for his scalp before the 1928 victories, seem to have vanished and are cheering him on to greater efforts.

It's no secret that his victories on the water came just in time to keep him with the California Bears. A repeater this month would make him as solid as the rock of Gibraltar.

AMATEUR BASEBALL

JUNIOR LEAGUE

The Rinky Dinks won a forfeit game from the Castles at Boyles field when the latter team failed to show up for a scheduled league encounter.

The standing of the junior league submitted today shows the All Stars and Porties leading the race for the title with four victories and one tie, least apiece. The Rinky Dinks are second with three and two and are tied with the Athletics, who also have three and two to their credit.

The standing:

	W.	L.	Pct.
All Stars	4	1	.800
Porties	4	1	.800
Rinky Dinks	3	2	.600
Athletics	3	2	.600
Indians	1	4	.200
Castles	0	5	.000

The Lateano Stars defeated the Solomon Recreational baseball team 11 to 4 in a game played at the P. & L. E. field. The pitching and hitting of Hudson gave the Stars their victory. Hudson allowed but three hits, and fanned eight men. Picarro and Gilmore were the pitchers for the losers. The Lateano Stars will play

any junior team in the city and county. For games call 3041-R and ask for Louie, between 3 and 5 o'clock any afternoon. L. C. Lateano is manager of the team.

No Boxing Show Here Monday Night

Cangey To Meet Ferro And
Otto Will Tackle Leo
Clemens

JIMMIE DUNN STABLE IS LOCATED HERE

There will be no boxing show Monday night at the Jolly bowl, it was announced today by Promoter Bill Jolly. Several good bouts had been lined up but it was decided to give the bowl a thorough renovating prior to the summer outdoor season.

Another factor which caused the decision not to promote a show was due to the fact that Buck McTennan, who has been winning over easy opponents, did not care any too much about fighting Larry Brignola and made the error of believing his importance called for the bowl and some of the parking space.

Real Slugfest.

On June 17 a New Castle boy, Paris Kid Cangey, will fight Frankie Ferro, Philadelphia who gave Tony Herrera such a good fight at the bowl. Paris and Jimmie Dime have patched up their differences and as consequence Ed Fritz signed Cangey and Ferro and a great bout should materialize.

Fritz Otto, the heavyweight champion of the German army, will fight Leo Clemens at Jackson, Mich. in the semi-final. Leo has been helping Emmett Rocco train for his bout with Otto Von Porat. Jimmie Dime is training Cangey and Otto and Jimmie Dunn is putting the finishing touches on Clemens.

Johnny Jennings and Jackie King will also do their stuff as there is lots of rivalry between the pair. The winner of this bout will be matched later with Frankie Moran or some other 133 pounder. All of the matches are what are termed "naturals" in the fistie world.

Stay Here All Summer.

Eddie Weygant and Romeo Pacelli will not fight Monday night due to no other reason than that Pacelli does not care to battle Weygant, as he says his "stomach is giving him trouble." As a result Weygant will be moved up a notch a week from next Monday night and if he wins will secure a choicer match.

Henry Firpo, Joey Goodman, George Rohanna, the O'Leary boys, Dick and Tom, plus Frankie Rio and Max Lichtenstein are training here. They are at Lakewood beach but on account of the cold afternoon air have been training at Jolly bowl. Firpo fights Mickie Pedore at Canton, O., Friday night.

Jimmie Dunn plans to keep his entire stable here this summer. This force coupled to the boxing brigade managed by Jimmie Dime and intention of the other stables to move here gives the city a rather long list of fighters and promoters who are seeking fighters can get them at any weight from the local managers.

At Zill Quits.
At Zill, boxing promoter of Youngstown, has tossed up the sponge following lack of patronage at Youngstown. Zill has been considering the move for some time. It may not be long, however, until someone takes his place. Youngstown is a good fight town if good fights are conducted.

There is a rule, it is said, that prevents out-of-town promoters from operating in Youngstown. When the matter was discussed last night several local men said they would be glad to promote boxing in Youngstown if Zill was firm in his decision to quit and the commission there would welcome their entry.

Butler, Beaver Falls, Meadville, Ambridge and other nearby cities will have open air boxing this summer. Some of the clubs will operate on a small scale, with less knowns in the final roles. By operating on a close margin they may be able to withstand the pitfalls that face a promoter.

Church League
One game is scheduled in the New Castle church league for tonight. The Central Presbyterians will meet the Croton team at the Scotland Lane field. Hudson has been assigned as umpire.

Friday night two games are booked as follows: First M. E. vs. Congregationalists at Leigh with Jones the umpire; First Christians vs. Mahoning at Mahoning with J. McCombs the official.

England's Race Gamble Makes Happy Winners

LONDON, June 6.—There were many happy hearts in England today, and many of them beat flutteringly in the breasts of bookmakers.

The victory of Trigo, a 33 to 1 outsider, in the annual British derby at Epsom Downs, gave the "bookies" one of their greatest days in years, for a comparatively small amount of money had been bet on this horse, the bulk going on Cragsdown, Mr. Jinks, Kopti and Hunter's Moon, none of which finished "in the money."

Besides the bookmakers, a small but select number of persons throughout the world also had reason to be cheerful. They were those fortunate enough to hold winning numbers in the great sweepstakes which are run each year on this classic of the British turf.

The principal sweepstakes are the Calcutta sweep, with three prizes to

National League Moguls To Meet In Cincinnati

President John Heydler Calls
National League Meeting
In Cincinnati

By DAVIS J. WALSH
Sports Editor International News Service
NEW YORK, June 6.—By last running, some of the more agile of our earnest young men may soon be stretching their home runs into two base hits, according to the word that comes down the ventilator with the rest of the hot air today, the idea being that the orgy of home runs finally has pulled upon the jaded senses of the club owner.

Anyhow, the National League is going into hiding for its summer meeting in Cincinnati tomorrow and the tip is that one of the things it proposes to do is to declare a limit on home run hitting at the Polo Grounds in New York, at Baker Field

in Philadelphia, at Wrigley Field in Chicago and at Sportsman's Park in St. Louis. Another proposal concerns the cutting of salary rolls in New York, Chicago and Pittsburgh. A movement that undoubtedly will receive the unwavering support of New York, Chicago and Pittsburgh. They are for the movement, being big men in things like that.

Officially, baseball admits neither of these proposals as being contemplated steps. The league says it is holding its meeting in Cincinnati because it wishes to generate fan enthusiasm in the town and I am sure this is an excellent idea. The people are bound to become very enthusiastic watching a lot of club owners meet.

To Place Screens
As for the home run proposal, I am informed that those behind it wish to place screens at the foul lines at the parks in question or else some of the stands in such a way that any ball hit into those stands less than 75 feet from the foul line will be ruled as good only for two bases. This would apply only at the Polo Grounds, Wrigley Field and Sportsman's Park, since Baker Field merely has a blank wall in right field and would have to be zoned.

It won't apply at all, of course, unless the four clubs affected are for it. So far, I know only that Charles Stoneman and Jim Tierney, of the Giants, are not for it. They are going to Cincinnati prepared to resist the idea stoutly and with marked firmness. It is their notion that the plan shouldn't be used at the Polo Grounds because the stands there sweep away from the foul line at almost an acute angle and that a 75-foot rule would be unfair to everybody.

After Conditions
It would, but so is the present rule which allows seven other clubs only a comparative few shots through the season at a right field line that is just a short nibble from the plate. The time is coming when they will have to alter that condition, just as some years ago they discovered how fatuous they were in allowing home runs into the lower stand and merely by what you could get on drives that bounced off the coping of the upper structure.

Today, you get a home run at the Polo Grounds if you pull one down the foul line and a time at bat if you hit it further toward centerfield. A screen that extended a stated distance from the foul line would answer most of the difficulty.

However, baseball owners are not noted particularly for their desire to support innovations which personally may be of nominal benefit, or none at all. They are for the satisfactory-cutting proposal on principle and the word is that the American League is thinking of presenting the same idea to the Yankees, Athletics and

in Philadelphia, at Wrigley Field in Chicago and at Sportsman's Park in St. Louis. Another proposal concerns the cutting of salary rolls in New York, Chicago and Pittsburgh. It is possible, indeed, that some of the clubs in question have been badly misunderstood. I am almost sure that they really don't want to over-pay the help and might even welcome suggestions to the contrary. But what would you? They knew very well that if they start anything like that, they won't be asking for trouble. They will be meeting upon neutral ground.

Acceleration? . . . a REO fairly leaps

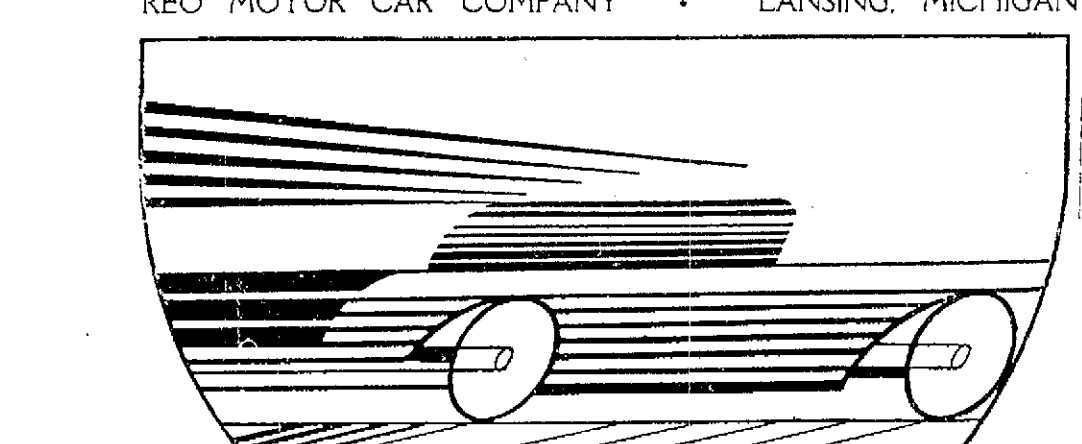

A certain Los Angeles banker wanted a car with a quicker pick-up than any he had tried—and one that had unusually good brakes. A Reo Flying Cloud was demonstrated to him. It was taken from a standing start, through first, second, and third, to sixty miles an hour, and then to a dead stop—in one city block.

Stunt driving, perhaps, but what other car could do it? . . . A more skillfully designed and more carefully finished engine*, internal expanding hydraulic 4-wheel brakes and an exquisite balance of design are your answers. . . . Three reasons why the Reo is rated for all-round performance and mechanical dependability with the highest priced cars—and why it outranks them all for long life.

Now you can have a Reo Flying Cloud at a lower price than ever before.

*Reo's remarkable acceleration owes much to the fact that Reo's pistons and connecting rods weigh only 3 1/4 lbs. a set. And to the further fact that Reo, in addition to the usual machining of cylinders and of crankpin and main bearing journals, hones these parts to a glass-smooth finish. Hence: less weight to move, less friction to overcome, and higher speed attained in less time.
